OFFICE FOR OFFICIAL PUBLICATIONS
OF THE EUROPEAN COMMUNITIES

PUBLICATIONS

JANUARY-MARCH
1991

Introduction

This catalogue appears quarterly in each of the nine official languages of the European Community.

It comprises the monographs and collections published by the Institutions of the Community during the reference period as well as current periodicals. ⁽¹⁾

Presentation of the catalogue

Each publication is issued in only one language, if the English version does not exist, another language version will be included, in the following order of preference:

French	Spanish	Danish
German	Portuguese	Greek
Italian	Dutch	others

Where other language versions also exist, cross-references are provided by means of a code, in the following form:

IT:88-1-12 which signifies that:

- IT the Italian version is described in the Italian catalogue
- 88 in the year 1988
- 1 quarterly catalogue January-March (2 = April-June; 3 = July-September)
- 12 entry number 12 in the classified index

The catalogue is divided into five parts, as follows:

1. **The classified index:** Provides a subject classification of the titles, according to the list on page 6. Under each heading, priced publications and publications that are free of charge are separated.

For each monograph or collection, the full bibliographic entry appears only once and is preceded by a sequential entry number. If the publication appears under another heading, only the title and the principal sequence number are indicated.

In the case of publications in numerous volumes (collection), the first entry is the collection, followed by each volume. If one of the volumes does not exist in the language of the corresponding collection, another language version will appear, in the order of preference, and within square brackets [].

For the periodicals, only the title and entry number of the periodical index appear.

2. **The periodical index:** Comprises the bibliographic entry of the periodical, preceded by a sequential entry number.

3. **The alphabetical index:** Comprises the contents of each publication, with the exception of EUR documents, according to keywords (descriptors) contained in the Eurovoc thesaurus. ⁽²⁾

4. The title index.

5. **The series index:** Alphabetical list of series with corresponding monographs.

The alphabetical, the title and the series indices are cumulative throughout the year, and indicate as a reference, the quarterly catalogue (1, 2 or 3) in which the publication appears, followed by the entry number of the relevant catalogue.

How to obtain publications

Publications may be available for sale, free of charge, or of limited distribution. Those falling into the last two categories may be obtained from the issuing institutions, or, where they are published by the Information Offices of the Commission, from those offices whose addresses are given in the lists on pages 4 and 5. Publications of limited distribution are, however, generally only for the attention of governments of Member States, Community departments and other authorities concerned.

Orders for priced publications should be directed to the Sales Offices listed on the inside back cover.

All orders should quote the full title, as well as the ISBN or ISSN where such a number precedes the prices in the catalogue.

Abbreviations and conventional signs

The text languages of publications are indicated by the following abbreviations:

ES	Spanish	EN	English	IT	Italian
DA	Danish	FR	French	NL	Dutch
DE	German	GA	Irish	PT	Portuguese
GR	Greek				

A sequence of such symbols separated by diagonal strokes denotes a publication in which different language versions of the same text appear under one cover.

The prices given are without VAT and are expressed in Ecu (ECU). Approximate value: 1 Ecu = UKL 0.70 : IRL 0.76 : USD 1.34 : BFR 42.23.

⁽¹⁾ The **COM Documents**, **EP Reports** and **ESC Opinions** are listed in other catalogues, which are also edited in each of the nine official languages and appear monthly and annually.

⁽²⁾ EUROVOC THESAURUS: Indexation tool, has been produced by the European Parliament and the Publications Office.
Available on request: Publications Office, OP4-4, will send a detailed brochure of the Eurovoc Thesaurus.
