## Announcement

# Nominations for 2010 Prize for Achievement in Information-Based Complexity

---

This annual prize is for outstanding achievement in information-based complexity. It consists of \$3000 and a plaque which will be awarded on a suitable occasion.

The members of the prize committee would appreciate nominations for the prize. However, a person does not have to be nominated to win the award. Nominations may be sent to Joseph F. Traub at [traub@cs.columbia.edu](mailto:traub@cs.columbia.edu).

The deadline for the award is March 31, 2010. The award can be based on work done in a single year, in a number of years, or over a lifetime. The work can be published in any journal, in a number of journals, or as monographs.
