Symposium on Acupuncture and Meridian Studies (SAMS) 2009

Title: The Fifth International Symposium on Acupuncture and Meridian Studies
Theme: Traditional and Holistic Medicine: The Past, Present and Future
Venue: SETEC Convention Center, Seoul, Korea
Date: October 9–11, 2009
Hosts: Korean Pharmacopuncture Institute (KPI)
    International Pharmacopuncture Institute (IPI)
    Society for Meridian & Acupoint (SMA)
    Daejeon University East-West Cancer Center (EWCC)

Oral Presentation List

This list does not show the full list of authors of the proceedings but only the speakers’ names.

Acupuncture and cancer

1. Keynote speech: The role of integrative medicine in cancer care / Lorenzo Cohen (USA) lcohen@mdanderson.org
2. A Western science perspective on acupuncture mechanisms / Stephen Sagar (Canada) Stephen.Sagar@jcc.hhsc.ca
3. Standardization study of ginseng series for wild ginseng pharmacopuncture / Ki-Rok Kwon (Korea) beevenom@paran.com
4. Acupuncture for cancer symptom constellations / Peter A.S. Johnstone (USA) pajohnst@iupui.edu
5. Electroacupuncture to prevent prolonged post-operative ileus: a randomized clinical trial / Zhi Chiang Meng (China) mengzha@gmail.com
6. Chemotherapy induced peripheral neuropathy (CIPN) / Raimond Wong (Canada) Raimond.Wong@jcc.hhsc.ca

Cancer in gynecology

1. Models of preclinical and clinical investigation of herbal agents for breast cancer / Debu Tripathy (USA) debu.tripathy@pergrouplp.com
2. Antitumor effect of Hang-Am-Dan (HAD) and the ingredients on Calu 6 and MCF-7 human cancer cell lines / Dong-Eun Lee (Korea) delee@kaeri.re.kr
3. Acupuncture for treating hot flashes in breast cancer patients: a systematic review / Sun-Mi Choi (Korea) smchoi@kiom.re.kr
4. The effects of clinical art therapy on anxiety and depression in breast cancer patients / Sun-Hyun Kim (Korea) kshcat1210@daum.net
5. Autophagy is regulatory mechanism for herbal medication in ovarian cancer cells / Keun-Ho Lee (Korea) hohoho@catholic.ac.kr

Therapeutic herbs and cancer (I)

1. Keynote speech: A Western science approach to anticancer therapy with herbal medicine / Stephen Sagar (Canada) Stephen.Sagar@jcc.hhsc.ca
2. Herbal medicines and host resistance in cancer treatment: rebalancing the internal biochemical environment / Charlotte Gyllenhaal (USA) CGyllenhaal@blockmedical.com
3. Inflammation as a target for prevention and treatment of cancer / Kwang-Seok Ahn (Korea) ksahn@khu.ac.kr
4. Protein chip-based profile study for elucidation of the antiangiogenetic mechanism of Hang-Am-Dan (HAD) / In-Cheol Kang (Korea) ickang@hoseo.edu
5. Chemopreventive effect of curcuma longa linn on liver pathology in HBV X protein transgenic mice / Jung-Sun Kim (Korea) sevenofnine@daum.net
Therapeutic herbs and cancer (II)

1. Integrative oncology research: acupuncture, natural products, and mind-body / Lorenzo Cohen (USA) lcohen@mdanderson.org
2. Fei liu ping ointment combination chemotherapy in the treatment of patients with advanced non-small cell lung cancer / He Yong He (China) aoyunaoyun@sina.com
3. Prospective analysis on survival outcomes of non small cell lung cancer stage over III B treated with Hang-Am-Dan / Hwa-Seung Yoo (Korea) altyhks@dju.kr
4. A new therapy for the cancer patients in late stage for improving the vomiting and nausea condition: a pilot study / Yu Te Liu (Taiwan) 135504@cch.org.tw
5. Clinical analysis of 312 patients with hepatobiliary cancer in Oriental hospital / Jung-Hyo Cho (Korea) choajoa@unitel.co.kr

Research of methodology

1. Keynote speech: Cardiovascular modulation by electroacupuncture / John C. Longhurst (USA) jcl@uci.edu
2. Standardization and its role in acupuncture research / Christopher Zaslawski (Australia) Chris.Zaslawski@uts.edu.au
3. Effect of tanzhiqing on glucose and lipid metabolism in genetically type 2 diabetes KK-Ay mice / Torao Ishida (Japan) ishida-t@suzuka-u.ac.jp
4. Functional MRI (fMRI) studies of osteoarthritic knee pain and the effects of acupuncture a pilot study / Lawrence Leung (Canada) leungl@hdd.kari.net
5. Observation of cell-like bodies in the novel threadlike structures on the surfaces of mammalian internal organs / Baeck-Kyoung Sung (Korea) mskim@chonbuk.ac.kr

Evidence based oriental medicine (I)

1. In vitro cholinomimetic effect of Loranthus ferrugineus in isolated guinea pig ileum / Omar Ziad Ameer (Malaysia) omar_3m@yahoo.com
2. The effect of the major components of Fructus Cnidii on osteoblast in vitro / Torao Ishida (Japan) ishida-t@suzuka-u.ac.jp
3. The correlativity between the points along pericardium meridian by cluster analysis of transtcutaneous CO2 emission / Weibo Zhang (China) zhangweibo@hotmail.com
4. Bonghan ducts as possible metastasis paths for cancer / Jung-Sun Yoo (Korea) kssoh1@gmail.com
5. Antitumor activity of water extracts of Cordyceps militaris in NCI-H460 cell xenografted nude mice / Sang-Eun Park (Korea) hanseji@daum.net
6. Internal qigong for pain conditions: a systematic review / Myeong Soo Lee (Korea) drmslee@gmail.com
7. The effectiveness of ANC’s number increasing by using Oriental medicine music therapy which was applied to blood cancer patients / Seung-Hyun Lee (Korea) sori-5@daum.net

Evidence based oriental medicine (II)

1. Jing theory and epigenetics: can these be combined? / Hyundo Franz Kim (USA) hkim@nuhs.edu
2. Oriental herbal medicine for the management of constipation: a systematic review / Tony Zhang (Australia) tony.zhang@rmit.edu.au
3. Neural mechanisms underlying acupuncture treatment on the motor-function in PD patients using an fMRI study / Youn-Byoung Chae (Korea) ybchae@khu.ac.kr
4. The usage of traditional Chinese medicine for insomnia in Taiwan: a population based study / Chia-Yun Chen (Taiwan) cool.u802054@gmail.com

Clinical study

1. Electro-stimulation therapy for intractable pain / Joseph Oladeinde A. Sodipo (Nigeria) sodipojoa@yahoo.co.uk
2. Investigation of electrical responses to acupuncture stimulation: the effect of electrical grounding and insulation conditions / Yong-Heum Lee (Korea) koalim@yonsei.ac.kr
3. Review of randomized controlled trials on pharmacopuncture treatment for musculoskeletal diseases / Min-Ki Jang (Korea) tinkerbell09@daum.net

Current integrative oncology in Korea

1. Content analysis of online site for complementary and alternative (medical) therapy of the cancer patients on the domestic Internet in Korea / Chun-Bae Kim (Korea) kimcb@yonsei.ac.kr
2. Traditional and integrative medicine in oncology / Sai-Il Chun (Korea) chunsam@daum.net
3. Integrative cancer treatment: East-West Cancer Center/Chong-Kwan Cho (Korea) orimedc@dju.kr
4. Experience with CAM practice for cancer patients at Ajou University Hospital / Mi-Son Chun (Korea) chunn@ajou.ac.kr
Poster Presentation List

This list does not show the full list of authors of the proceedings but only the corresponding authors’ names.

1. A study of antinociception of electroacupuncture to S16 on the acute ankle sprained rats / Bumsik Yang

2. Electroacupuncture suppresses neuroinflamma-
tion in symptomatic amyotrophic lateral sclero-
sis model / Eun Jin Yang

3. Electroacupuncture applied to S16 point pro-
duces analgesia mediated by the ulnar nerve
in a rat model of ankle sprain / Sung Tae Koo

4. The study of the depth of needling: neuropro-
tective effects of acupuncture according to the
depth of needling / Jiyeun Park

5. Neuroprotective effect of acupuncture on epi-
lpsy mouse model induced by kainic-acid / Seungnam Kim

6. Effects of the acupuncture or pharmacopunc-
ture treatment for the histologic and morpho-
logic recovery on the mouse with the burn skin / Beomhyong Song

7. Method of pharmacopuncture test / Madoev
A.A., Avagyan M.N.

8. Medicinal and aromatic plants used in ethno-
 veterinary medicine of farmers in Sirajganj
district of Bangladesh / Md. Ariful Haque Mollik

9. A medicinal plant study on the Boam tribe inhab-
iting the Chittagong Hill Tracts region of Bangla-
desh / Md. Ariful Haque Mollik

10. Ethnomedicinal uses of some plant species by
the Khashia tribe inhabiting the Sylveth division
of Bangladesh / Md. Ariful Haque Mollik

11. Development of an international standard of
sterile acupuncture needles for single use / Sunmi Choi

12. Adipocyte-related genes and transcription fac-
tors were affected by Ganoderma lucidum
during 3T3-L1 differentiation / Hyunmin Yoon

13. Adverse events associated with acupuncture:
a prospective survey / Jieun Park

14. Current review of the acupuncture study for
neurological disease in Korean literature / Songyi Kim

15. Some animals from Sundarbans used in Bangladesh
for the traditional medicinal treatment of head-
ache, malaria, obesity, diabetes, hypertension,
sexual disorders, rheumatoid arthritis, and
 cardiovascular disorders / Md. Ariful Haque Mollik

16. A preliminary study on the efficacy of medici-
nal plants from Sundarbans used against all
forms of toxicity / Md. Ariful Haque Mollik

17. Some medicinal and aromatic plants used against
diabetes mellitus: a pragmatic randomized
ethnomedicinal survey in Sylhet district of Bangladesh / Md. Ariful Haque Mollik
35. Traditional medicinal practitioners in Bangladesh: their knowledge on HAV/HBV/HCV and possible role in primary health care / Md. Ariful Haque Mollik
36. Rational use of antibiotics in primary health care level of Bangladesh: a survey report of Birol upazila health complex / Md. Ariful Haque Mollik
37. A survey on Korean medicine doctors’ and patients’ understanding of acupuncture treatment during pregnancy / Hyangsook Lee
38. Comparison of treatment effects and allergic responses to stiff neck between sweet bee venom and bee venom pharmacopuncture (a pilot study, double blind, randomized controlled clinical trial) / Cheolhong Kim
39. Effect of gamibokryungbanha-tang on cancer nausea and vomiting: report of two cases / Uimin Jerng
40. Coo-Sun activity and its effect on the quality of life of female cancer patients suffering from anxiety and depression / Taeyoung Jeong
41. Effect of auricular acupressure on insomnia in cancer patients / Insook Jeoung
42. Analysis of current use and study about cancer treatment of Oriental medicine in South Korea / Yeonweol Lee
43. A pilot study on effects of reflexology and moxibustion to cold intolerance / Wenping Zhang
44. Effectiveness of acupuncture on temporomandibular disorders: a randomized clinical trial / Kyungwon Kang
45. Study protocol: a clinical study of bojungikgitetang and banhabaekchulchonmatang in adult tinnitus patients—a randomized, double-blind, three-arm, placebo-controlled trial / Namkwen Kim
46. Effects of acupuncture on hot flashes in perimenopausal and postmenopausal women—a multicenter randomized clinical trial / Kunhyung Kim

Presentation List on the Workshop for Research Ethics on Pharmacopuncture Clinical Research

1. Life ethics and research ethics II / Kyung-Suk Choi (Ehwa Women University) choiks@ewha.ac.kr
2. The authenticity and significance of life-science research / Eun-Seong Hwang (University of Seoul) eshwang@uos.ac.kr
3. Operation of life ethics by Korean Medical Society / Jong-Ryoul Kim (Korea Institute of Oriental Medicine) ssmed@kiom.re.kr
4. IRB operation of traditional medicine hospital / Kweon-Eey Hong (Daejeon University) hkeacu@hanmail.net

Clinical studies I (for Korean)

1. Clinical practice with cultivated wild ginseng pharmacopuncture / Ki-Rok Kwon (Korea) beevenom@paran.com

Clinical studies II (for Korean)

1. Acupotomy therapy for musculoskeletal diseases / Sung-Chul Kim (Korea) kscndl@daum.net
