Acknowledgement of manuscript reviewers, the underappreciated contributors

Lucy Abel¹, Ahmed Bakillah² and M Mahmood Hussain^{2*}

Contributing reviewers

We and the Editorial Board acknowledge and thank all reviewers for their active participation and contribution during 2012. We greatly appreciate their dedication and behind the scenes contribution. It is largely due to their support and expertise that we have been able to publish high-standard manuscripts. We would also like to thank authors for choosing *Nutrition & Metabolism* and contributing their cherished work.
