The authors regret that the paper titled “Induced Neural Stem Cells from Distinct Genetic Backgrounds Exhibit Different Reprogramming Status” published in Stem Cell Research (2016) 16–2 missed to include “Bio & Medical Technology Development Program of the NRF funded by the Korean government, MSIP (2015M3A9C7030091)” in Acknowledgments section.

Current version of manuscript is written as:

“This research was supported by the Basic Science Research Program through the National Research Foundation of Korea (NRF), funded by the Ministry of Education, Science and Technology (2011-0013885) and also by Korea Health Technology R&D Project, Ministry of Health & Welfare Grant A120392.”

However, we’d like to include one sentence as below:

“This research was supported by the Basic Science Research Program through the National Research Foundation of Korea (NRF), funded by the Ministry of Education, Science and Technology (2011-0013885), the Bio & Medical Technology Development Program of the NRF funded by the Korean government, MSIP (2015M3A9C7030091), and also by Korea Health Technology R&D Project, Ministry of Health & Welfare Grant A120392.

The authors would like to apologise for any inconvenience caused.
