

Journal of Vascular Surgery® Cases

Anton N. Sidawy, Editor-in-Chief
Bruce A. Perler, Senior Editor

Complete information for authors and editorial policies are available in the June issue, at our Web site www.jvascsurgcases.org, or at our Editorial Manager Web site at jvs.editorialmanager.com. An abbreviated checklist for manuscript submission follows.

Manuscripts to be considered for publication should be submitted to the *Journal* electronically using the Editorial Manager submission system located at jvs.editorialmanager.com. Detailed instructions on submitting a manuscript are available on that Web site.

MANUSCRIPT SUBMISSION SUMMARY INFORMATION

Corresponding Author Responsibilities

- Ensure that all authors have approved the final manuscript files
- Ensure that all authors have viewed and approved the required forms
- Upload the completed submission files at www.editorialmanager.com/jvs
- Communicate with the Editorial Office and the Publisher regarding the review and publication processes

Required Forms

- Application for Publication
- Reviewer Response Form (Revisions)

Text Formatting

- Adhere to the AMA Manual of Style
- Each page must be left aligned with 1-inch margins, and numbered consecutively in the upper right-hand corner.
- Text must be double-spaced, 12-point, Times New Roman font
- Follow the limits provided in the table below

Abstract and Title Page

- The Abstract and Title Page must be uploaded at the beginning of your manuscript file
- The Title Page file must include the names and affiliations of each author, and the contact information for the Corresponding Author

Patients and Animal Subjects

- Consent to publish must be obtained from patients described in Case Report and Venous Image submissions

References

- Cite in numerical order
- List first 6 authors et al

Figures

- Each figure must be uploaded in a separate electronic file, as a TIFF, JPEG, or EPS file when possible. Microsoft Word and PowerPoint files will also be submitted.
- Operative and pathology photographs should be in color. Other figures and charts should be black and white unless sufficiently complex to require color. Images must be provided with either a 3-inch width (for 1-column format) or 6.5-inch width (for 2-column format).
- Detailed artwork instructions and help with formatting, sizing, scanning, and file naming can be found at <http://www.elsevier.com/wps/find/authors-.authors/authorartworkinstructions>

Legends for Figures and Tables

- Upload in a separate, double-spaced Microsoft Word Document

Permissions

- Obtain permission to reproduce previously published material, or material that is not your original work, from the copyright holder.
- Provide proper attribution for all previously published material and material that is not your original work, in figure legends, manuscript text and where applicable.
- Provide signed releases to publish patient photographs if your manuscript includes data which might reveal the identity of one of more patients.

Submission Limits

	<i>Max Authors</i>	<i>Abstract Max Words</i>	<i>Body Max Words</i>	<i>Figures</i>	<i>Tables</i>	<i>References- 6 (not 3) authors et al</i>
Case Report	6	100	1200	3	0	20
Vascular Images	4	NA	350	4	0	3
Letter to Editor	6	NA	500	1	1	6
