During the reproduction process of Fig. 3 on page 76 of this article, an error was inadvertently introduced. Upper right ‘’%FS<19%’’ should read ‘’%FS>19%’’. Correct whole figure is shown below. This correction applies to the print version only. Publishers regret this error.

Figure 3 Kaplan–Meier survival curve for 40 patients in the prevention group subdivided into two groups according to the median %FS (19%). %FS: %fractional shortening.
