

## Letter to the Editor

---

*Am. J. Hum. Genet.* 67:769, 2000

### Correction

*To the Editor:*

Hagan et al. (2000) report a mutation analysis and embryonic expression of the *HLXB9* Currarino syndrome gene. Since I have not participated in the mutation analysis or in the embryonic expression studies, it is not appropriate for me to be included as a coauthor. I hereby remove my name, as a coauthor, from this article.
