

Social Experience Modifies Pheromone Expression and Mating Behavior in Male *Drosophila melanogaster*

Joshua J. Krupp, Clement Kent, Jean-Christophe Billeter, Reza Azanchi, Anthony K.-C. So, Christophe Lucas, Benjamin P. Smith, Julia A. Schonfeld, and Joel D. Levine*

(Current Biology 18, 1373–1383; September 23, 2008)

The original Figures 3B and 3C were missing six data points between hours 18 and 23 in the graphs of 9-C25:1. These modifications in the presentation offer no substantive change. The corrected version of the figure appears below. The authors regret this error.

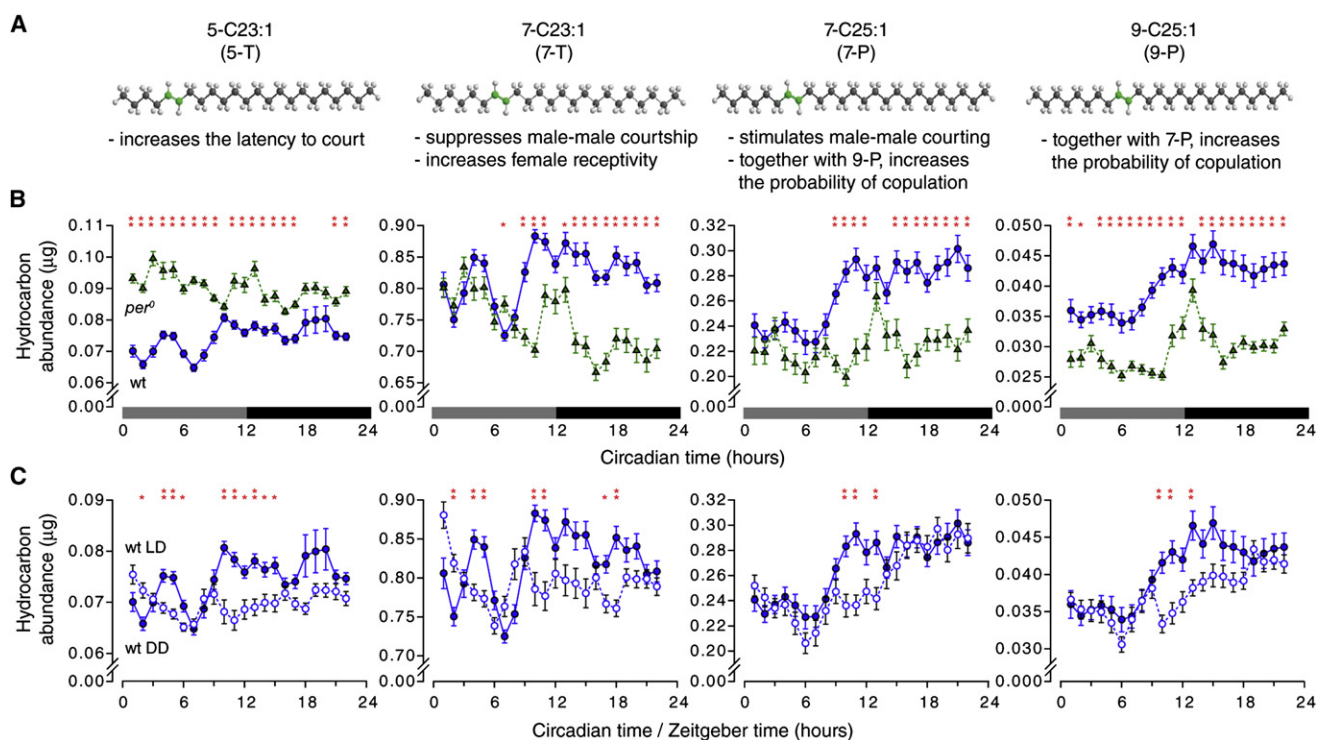

Figure 3. Cuticular Hydrocarbon Accumulation Is Regulated by a *per*-Dependent Clock and Is Influenced by Exposure to Light
