Title Index

A
A rare case of isolated hepatic mucormycosis in association with hemophagocytosis syndrome 6:98
A rare cause of refractory hyponatremia after traumatic brain injury: Acute post-traumatic hypopituitarism due to pituitary stalk transection 6:102
A study of carcinoembryonic antigen concentrations in patients with coronary artery disease 6:11
Accidental intoxication by dichloromethane at work place: Clinical case and literature review 6:43
Acute aortic dissection mimicking as ureteral calculus 6:61
Acute colonic pseudo-obstruction as a presenting feature of meningoencephalitis 6:70
Air in the pericardial sac post tracheostomy: One should be aware 6:23
Analysis of fluid resuscitation in critically injured patients—A central role of saline solutions 6:29
Anticoagulant induced spontaneous spinal epidural hematoma, conservative management or surgical intervention—A dilemma? 6:38

C
Cardiac arrest during recovery after tilt-induced vasodepressor syncope in a 76-year old man 6:67
Commotio cordis during prolonged cardiac ventricular repolarization due to exercise-induced hypokalemia: A case report 6:19

D
Differentiate pleural effusion from hemothorax after blunt chest trauma; comparison of computed tomography attenuation values 6:1

E
Effect of naringin on ammonium chloride-induced hyperammonemic rats: A dose-dependent study 6:55
Evaluation of Saraca indica for the management of dexamethasone-induced osteoporosis 6:7

H
Helium–oxygen mixture for treatment in upper airway obstruction; a mini-review 6:77

I
Isolated thrombosis of the vein of Labbe – Clinical and imaging features 6:73

K
Kidney disease improving global outcome for predicting acute kidney injury in traumatic brain injury patients 6:90

M
Misdirection of an indwelling urethral catheter in the ureter 6:52
P
Perforated solitary cecal diverticulum: An etiological challenge at emergency 6:49

R
Rapid airway compromise caused by neck trauma: A case report 6:35
Recurrent spontaneously reduced unilateral temporomandibular joint dislocation masquerading as a transient ischemic attack 6:26
Risk of Guillain–Barré syndrome from fresh chicken in the United Kingdom 6:105

S
Sida cordifolia Linn. accelerates wound healing process in type 2 diabetic rats 6:82
Scrotum incarceration with nine galvanized iron rings: An unusual case report 6:95
Septic sternoclavicular arthritis, osteomyelitis and mediastinitis 6:46
Spontaneous rupture of peritoneal seeding hepatocellular carcinoma: Report of two cases 6:64
