Causal Effects of Body Mass Index on Cardiometabolic Traits and Events: A Mendelian Randomization Analysis

(The American Journal of Human Genetics 94, 198–208; February 6, 2014)
In the original version of this paper published online January 23, 2014, the forest plots in Figure 3 were unfortunately misaligned with the corresponding text because of a typesetting error but were otherwise correct. The figure now appears correctly both online and in print. The Journal regrets the error.
