(Cancer Cell 15, 103–113; February 3, 2009)

In this article, one of the papers cited in the Discussion was quoted incorrectly. The sentence in the top paragraph of the right column on page 109 reading “However, Tff3 expression is presumably regulated by the Shp2-ERK pathway (Tebbutt et al., 2002)” should read “However, Tff3 expression is presumably regulated by the Stat3 pathway (Tebbutt et al., 2002).” The online PDF version of the article was able to be corrected in time for publication, but the printed journal and full-text HTML version are still affected by this mistake.
