

ANNOUNCEMENT

Year 2002 Prize for Achievement in Information-Based Complexity

This annual prize is for outstanding achievement in information-based complexity. It consists of \$3,000 and a plaque. The award ceremony will be held during the Foundations of Computational Mathematics (FoCM) Conference in Minneapolis, August 5–14, 2002. The prize committee will consist of Erich Novak, Sergei Pereverzev, Joseph F. Traub, Grzegorz W. Wasilkowski, and Henryk Woźniakowski. Anyone other than current members of the prize committee is eligible. The members of the prize committee would appreciate nominations for the prize. However, a person does not have to be nominated to win the award.

The deadline for the award is March 31, 2002. The achievement can be based on work done in a single year, in a number of years, or over a lifetime. It can be published in any journal, number of journals, or monographs.

This prize is separate from the *Journal of Complexity's* Best Paper Award.
