This article has been retracted at the request of the Editor.

The article duplicates significant parts of papers that have already appeared in:

Symbolic Counter Abstraction for Concurrent Software,
Gérard Basler, Michele Mazzucchi, Thomas Wahl, Daniel Kroening
Lecture Notes in Computer Science, Volume 5643, 2009, pp 64-78
http://dx.doi.org/10.1007/978-3-642-02658-4_9

and

Context-aware counter abstraction
Gérard Basler, Michele Mazzucchi, Thomas Wahl, Daniel Kroening
http://dx.doi.org/10.1007/s10703-010-0096-7

and

Model checking Boolean programs
Gérard Charly Basler.
Dissertation, EidgenössischeTechnischeHochschule ETH Zürich, Nr. 18870, 2010
ETH Institutional repository,
http://dx.doi.org/10.3929/ethz-a-006213873

One of the conditions of submission of a paper for publication is that authors declare explicitly that the paper is not under consideration for publication elsewhere. Re-use of any data should be appropriately cited. As such this article represents a severe abuse of the scientific publishing system. The scientific community takes a very strong view on this matter and apologies are offered to readers that this was not detected during the submission process.
