The International Symposium on Computing and Information (ISCI2004) was held at Zhuhai, China during 15–18 August, 2004. The aim of the Symposium is to bring together researchers to exchange ideas and information in the areas of computing and information.

There were over 207 participants. The programme included 6 plenary talks and 191 contributed talks. 29 refereed papers were accepted and published in the Proceedings of the Symposium, which appeared as a special issue of the Journal of Computational and Applied Mathematics.

We wish to express our sincere appreciation to Professor Luc Wuytack, one of the Principal Editors of the Journal of Computational and Applied Mathematics, for agreeing to publish this Proceedings as a special issue of the Journal of Computational and Applied Mathematics. Thanks also to the ISCI2004 Scientific Committee members. Financial support from The National Natural Science Foundation of China, Dalian University of Technology, and Sun Yet-sen University are gratefully acknowledged. We are also grateful to our referees who provided prompt and extensive reviews for all submissions. Their constructive comments contribute to the quality of the issue.
