Announcements

(9) Fellows must have received sufficient training in internal medicine or other fields to pass all host country examinations that are necessary to the care of patients. Fellowships may be awarded to senior individuals who seek additional training but, in general, preference will be given to younger physicians who are at the beginning of their permanent careers.

(10) A limited amount of financial support may be available to Fellows for basic start-up needs upon return to the home country.

(11) Specific instructions and the necessary application forms can be obtained by writing directly to Dr. Claude Amiel, Secretary General, International Society of Nephrology, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16 rue de Henri Huchard, 75018 Paris, France.

Meetings

The American Society of Pediatric Nephrology will hold their annual meeting in the Shoreham Hotel in Washington, D.C., USA, May 6, 1985, from 1 to 6 p.m. The title of the meeting is “Pediatric Nephrology in the 1980’s: The European Experience” and will feature presentations from a number of European Pediatric Nephrologists. For further information, write Dr. Russell Chesney, Secretary-Treasurer, American Society of Pediatric Nephrology, University of Wisconsin, Clinical Science Center, 600 Highland Avenue (Rm H4/452), Madison, Wisconsin 53792, USA.

The 3rd Annual Seminar on Contemporary Nephrology-Hypertension will be held at the Conference Resort Hotel, Walt Disney World, Orlando, Florida, USA, May 10–12, 1985. The seminar is approved for 10.5 credit hours of Category I of the Physicians Recognition Award of the AMA, and will be led by guest faculty from throughout the United States. The 7th European Colloquium on Renal Physiology will be held in Frankfurt am Main, Federal Republic of Germany, June 16–18, 1985. The scientific program will consist of three main lectures, five symposia (including free communications), and two poster sessions. Main topics are regulation of GFR, tubular transport of ions and nonelectrolytes, cellular regulation of pumps and membrane permeabilities, hormonal regulation of transport, and ion transport in non-renal epithelia. For information, write Prof. Dr. E. Fromter, Zentrum der Physiologie, Universitätsklinikum Frankfurt, Theodor-Stern-Kai 7, 6000 Frankfurt am Main 70, Federal Republic of Germany, or telephone 69-6301-6093.

Today’s Therapy in Nephrology will be held at the Resorts International Hotel in Atlantic City, New Jersey, USA, June 17–18, 1985. The conference features lectures and panel discussions on all aspects of therapy in nephrology and is sponsored by the American Kidney Fund and Nephrology Society of New Jersey. The registration fee increases after March 31; separate fees are available for physicians and fellows. For information, write Dr. Richard A. Sherman, Academic Health Science Center, CN 19, New Brunswick, New Jersey 08903, USA, or telephone (201) 887-8216.

The Fourth North American Symposium on Dialysis and Transplantation, presented by the North American Society for Dialysis and Transplantation, will be held at Stouffer’s Waiea Beach Hotel, Maui, Hawaii, USA, August 4–8, 1985. The deadline for abstracts is May 1, 1985. For further information, please write Dr. Robert Mendez, Transplant Center and Kidney Transplant Institute, St. Vincent Medical Center, University of Southern California, Los Angeles, California 90037, USA, or telephone (213) 483-7707.

The 7th Danube Symposium on Nephrology will be held September 6–9, 1985, in Baden/Vienna, Austria. Main topics will be the kidney and metabolism, kidney and drugs, and acute renal insufficiency. The congress will be held in both English and German. For information, write the 7th Danube Symposium on Nephrology, c/o Hans Krister Stumvoll, 2. Med. Univ.-Klinik, Garnisonasse 13, A-1090 Vienna, Austria.

The Second International Milano Meeting of Nephrology will be held in Milan, Italy, on September 30–October 1, 1985. Antiglobulins, cryoglobulins, and glomerulonephritis will be discussed. Special sessions include physiology and pathology of antiglobulins, role of rheumatoid factors in experimental glomerulonephritis, antiglobulins in glomerulonephritis, classification of cryoglobulins, immunological aspects of essential mixed cryoglobulinemia, and clinical and morphological findings. For information, write Prof. C. Ponticelli, Divisione di Nefrologia.
Ospedale Maggiore Policlinico, Via Commeda 15, 20122 Milano, Italy.

The Fifth International Congress of the International Society of Artificial Organs will be held October 5–8, 1985, at the Palmer House Hotel in Chicago, Illinois, USA. The Secretary General of the International Society of Nephrology is endeavoring to bring the Society’s list of national societies up-to-date. Many such national societies are not affiliated with the ISN or their affiliation has lapsed. To retain their affiliated status and to vote at the General Assembly, a list of individual members is required to be sent annually. Secretaries of national societies therefore are asked to provide the Secretary General with the address to which correspondence should be sent, together with a list of their officers and individual members (the latter to be submitted at least 6 months before the 1987 International Congress of Nephrology), and a formal application for affiliation where this has lapsed. Please send these to Dr. Claude Amiel, Dëpartement de Physiologic, Faculté de Médecine Xavier Bichat, 16 rue Henri Huchard, 75018 Paris, France.

The American Society of Nephrology announces a service to their non-American colleagues: For a fee of US $40.00, the ASN will send you all of its mailings and announcements, including a copy of the annual program book. Checks for $40.00 along with your name and desired mailing address should be sent to the ASN National Office, c/o Charles B. Slack, Inc., 6900 Grove Road, Thorofare, New Jersey 08068, USA.

Honors

Dr. William Hardy Hendren, III, Professor of Surgery at Harvard Medical School and Chief of Surgery at the Boston Children’s Hospital, received the Twenty-fourth Ferdinand C. Valentine Medal and Award at The New York Academy of Medicine on Wednesday, March 20, 1985. One of Dr. Hendren’s most notable accomplishments in the fields of pediatric surgery and pediatric urology is his pioneering work in urinary undiversion. The Medal and Award were presented by Dr. Joseph C. Addonizio, Chairman of the Academy’s Section on Urology.

New books received

Contributions to Nephrology, (Volume 43, Issues in Glomerulonephritis and Renin System), edited by Ritze E and Massry SG, Heidelberg and Los Angeles, Karger, 1984, 204 pp. Price: Approx. US $79.25. This volume explores basic mechanisms underlying the pathophysiology and pathogenesis of renal diseases and is based on an international symposium where new data from laboratory investigations combine with findings from clinical trials on the diagnosis, treatment, and prognosis of glomerulonephritis.

The Canadian Renal Failure Register, 1983 Report. Ottawa, Ontario, Canada, Kidney Foundation of Canada, 1984, 98 pp. Price: US $5.00. This is the third annual report of the statistical study of chronic renal failure in Canada, underwritten by the Canadian government and the Kidney Foundation of Canada. For information, write Anita Rappaport, Coordinator and Field Representative, Canadian Renal Failure Register, Statistics Canada, Health Division, 18th Floor, R.H. Coats Building, Ottawa, Ontario K1A OT6 Canada, or telephone, (613) 990-8553.
