COCHRANE REVIEW

ORIGINAL ARTICLES
Haemodynamic Results of Femoropopliteal Percutaneous Transluminal Angioplasty, A. Albäck, F. Biancari, S. Schmidt, P. Mikkola, I. Kantonen, S. Mätzke, S. Peltonen, O. Saarinen, E. Tiejala, J. Edgren and M. Lepantalo ................................................................. 7
The Utility of Duplex Scanning in Infrainguinal Vein Graft Surveillance: Results From a Randomised Controlled Study, L. Ihlberg, M. Luther, E. Tiejala and M. Lepantalo ................................................................. 19
Reproducibility of Measurements of Intima-media Thickness and Distensibility in the Common Carotid Artery, S. D. J. M. Kanters, O. E. H. Elgersma, J. D. Banga, M. S. van Leeuwen and A. Algra 28
A Survey of Current Attitudes of British and Irish Vascular Surgeons to Venous Sclerotherapy, R. B. Galland, T. R. Magee and M. H. Lewis ................................................................. 43
A Comparison of Laser Doppler Fluxmetry and Transcutaneous Oxygen Pressure Measurement in the Dysvascular Patient Requiring Amputation, M. Mars, A. McKune and J. V. Robbs ................................................................. 53
Are We Detecting and Operating on High Risk Patients in The Asymptomatic Carotid Surgery Trial? P. Robless, M. Emson, D. Thomas, A. Mansfield and A. Halliday on behalf of the Asymptomatic Carotid Surgery Trial collaborators ................................................................. 59
Impedance Index Measurements of in vitro PTFE End-to-side Anastomoses: Effect of Angle and Miller Cuff, L. D. Wijesinghe, S. W. Smye and D. J. A. Scott ................................................................. 65
The Effect of Alpha, Adrenoceptor Antagonist Prazosin on Capillary Supply, Blood Flow and Performance in a Rat Model of Chronic Muscle Ischaemia, G. Fulgenzi, L. Graciotti, M. G. Collis and O. Hudlická ................................................................. 71

LESSON OF THE MONTH
Do not be Fooled by Angiography in Renovascular Disease, Y. C. Chan, M. A. O. Al-Kutoubi and J. H. N. Wolfe ................................................................. 78
CASE REPORTS

Hypothenar Snowboard Syndrome, R. G. Vanmaele, P. E. Van Schil, F. Van den Brand and A. M. Verbist .............................................................................................................................................. 82

Anomalous Retro- psoas Iliac Artery in a Patient with an Abdominal Aortic Aneurysm, D. J. A. Sonneveld, H. R. van Dop and A. van der Tol ............................................................................................................ 85

CORRESPONDENCE

FORTHCOMING EVENTS

Coronary artery bypass grafting, predictors of mortality 120
Critical limb ischaemia age on, after infrainguinal revascularisation 137
femoropopliteal PTA on 7
Cruoropedal colour duplex scanning for distal bypass surgery 13
CT angiography in carotid artery occlusions 133
Cystic disease of popliteal artery 537
Diabetes, patellar tendon bearing orthosis 485
Dilatation, alpha1 adrenoceptor antagonist prazosin on 71
Distal bypass surgery cruoropedal colour duplex scanning and pulse generated run-off for 13
lower limb oedema following 465
Distal profunda femoris artery, obturator bypass to 164
Duplex scanning adventitial cystic disease of the popliteal artery 537
on aortoiliac reconstructive surgery 383
in carotid artery occlusions 133
detecting and operating on asymptomatic carotid disease 59
diagnosis and management of mixed arterial/venous leg ulcers 350
in infrainguinal vein graft surveillance 19
multisegmental arterial disease on 345
in severe carotid artery stenoses 438
on venous leg ulcers 238
Elastin degradation, amlodipine on 408
Embolism acute limb ischaemia due to 365
on visual function in carotid endarterectomy 231
Endarterectomy minimally invasive 254
semiclosed iliac recanalisation 501
Endoleaks infrarenal aortic side branches on 419
management of after abdominal aneurysm 208
Endoluminal repair, risks of an oversized balloon catheter in 142
Endothelial cells blood flow stimulates progressive intimal thickening 301
repair by, seeded on precoated ePTFE 334
Endothelial dysfunction following thrombolysis 494
Endovascular aortic aneurysm, thrombus distribution and size 472
Endovascular irradiation on percutaneous transluminal angioplasty 371
Endovascular leaks, management of after abdominal aneurysm 208
Endovascular management of atherosclerotic carotid disease 94
Endovascular surgery blood product requirements 390
infrarenal aortic side branches on 419
management of leaks after 208
minimally invasive techniques 535
ePTFE-graft repair by adult endothelial cells seeded on 334
Evoked potentials during spinal cord ischaemia, monitoring of 320
Exercise therapy, neutrophil activation in claudicants 192
Femoral artery, intravascular ultrasound on 110
Femoral artery aneurysms, false, ultrasonography for 427
Femoral artery endarterectomy, minimally invasive 254
Femoropopliteal angioplasty, haemodynamic results of 7
FEV1, and length of hospital stay 185
Foot ulcer, patellar tendon bearing orthosis 485
Functional health status after carotid endarterectomy 395
Functional outcome of vascular morbidity and mortality 292
FVC, and length of hospital stay 185
Graft surveillance of prosthetic femoropopliteal bypass 509
Grafts, suppression of smooth muscle cell proliferation after 401
Haemodialysis, PTFE and denatured homologous vein grafts for access 126
Haemodynamics, blood flow quantification by magnetic resonance velocity data 517
Healing of patellar tendon bearing orthosis 485
Health-related quality of life after carotid endarterectomy 395
Heat shock proteins, induction of by herbimycin-a 377
Herbimycin-a, on pulmonary neutrophil infiltration 377
Heterogeneity of factors in atherosclerotic vessels 276
Histology on thromboangiitis obliterans 445
Homologous veins for haemodialysis access 126
Hospital mortality, aortic aneurysm, ICU protocol on outcome of 356
Subject Index

Houncafield index, infrarenal aortic side branches on endoleaks 419
Hyperlipidaemia, screening blood tests in arterial disease 513
Hypocoagulability on false femoral artery aneurysms: 427
Hypothenar snowboard syndrome 82
Iatrogenic carotid artery pseudoaneurysm, autologous vein-covered stent on 262
Iliac artery aneurysms, isolated 342
Immunohistochemistry, factors in atherosclerotic vessels 276
Impedance, index measurements of in vitro PTFE end-to-side anastomoses 65
in vitro cell lining, repair by endothelial cells 334
in vitro functions, repair by endothelial cells 334
Inflammation, neutrophil sequestration in the lung 36
Infrarenal bypass, vascular morbidity and mortality 292
Infrarenal revascularisation in critical limb ischaemia, age on 137
Infrarenal vein graft, duplex scanning in 19
Infrarenal aortic diameter and age 431
Infrarenal vascular surgery, magnetic resonance imaging of spinal cord infarction 362
Inguinal exposure, semiclosed iliac recanalisation by 501
Intensive care, aortic aneurysm, protocol on outcome of 356
Intermittent claudication
percutaneous transluminal angioplasty for 477
vascular morbidity and mortality in 292
Intimal thickening, blood flow on 301
Intraoperative angioplasty, semiclosed iliac recanalisation 501
Intraoperative duplex scanning for carotid endarterectomy 153
Intravascular ultrasound on balloon angioplasty of femoropopliteal artery 110
Ischaemia and neutrophil sequestration in following acute aortic occlusion 36
Ischaemia-reperfusion, neutrophil infiltration, herbimycin-a on 377
Isolated iliac artery aneurysms 342
Laser Doppler fluxmetry in dysvascular patients requiring amputation 53
Leg ulcers, mixed, diagnosis and management of 350
Loneliness and mortality prior to coronary artery bypass grafting 120
Lower limb atherosclerosis
lipid lowering therapy for 5
Lower limb ischaemia, surgery and angioplasty for 159
Lower limb oedema following distal arterial bypass grafting 465
Lungs
and length of hospital stay 185
neutrophil sequestration in 36
Magnetic resonance imaging on blood flow, cross-sectional vessel area, and wall shear stress 517
of spinal cord infarction 362
Metalloproteinase activity, amlodipine on 408
Microcirculatory examinations, significance of 373
Miller cuff, impedance index measurements of anastomoses 65
Minimally invasive surgery of internal iliac artery 535
Mixed arterial/venous leg ulcers, diagnosis and management of 350
Monitoring of spinal cord function 320
Morbidity in claudicants, during long-term follow-up 292
Mortality in claudicants, during long-term follow-up 292
predictor of in coronary artery bypass grafting 120
Multisegmental arterial disease and duplex scanning 345
Muscle fatigue, alpha-adrenoceptor antagonist prazosin on 71
Neutrophils
exercise activation in claudicants 192
infiltration, herbimycin-a on 377
sequestration in the lung following acute aortic occlusion 36
Nitric oxide and neutrophil sequestration in lungs 36
and renal reperfusion injury 98
Observer variation in measurements of thickness of carotid artery 28
Obturator bypass to distal profunda femoris artery 164
Oclusion internal carotid artery 91
semiclosed iliac recanalisation 501
OPCS codes for vascular surgery 415
Outcome and age in critical limb ischaemia 137
Oxidised low-density lipoprotein and PDGF AA 197
Paraplegia, evoked potentials during spinal cord ischaemia 320
Patellar tendon bearing orthosis 485
Patent branches in leaks after endovascular aneurysm repair 419
Pathogenesis of atherosclerosis, Chlamydia pneumoniae in 459
Percutaneous transluminal angioplasty endovascular irradiation on 371
femoropopliteal, haemodynamic results of 7
for intermittent claudication 477
with severe carotid artery stenoses 438
Perforating vein surgery in venous ulceration and deep venous incompetence 148
Peripheral arterial disease, duplex scanning on 345
Peripheral vascular diseases Cochrane collaborative review group on 1, 273
Photodynamic therapy using 5-ALA 284
Plasminogen activator inhibitor in atherosclerotic vessels 276
Platelet derived growth factor AA, induced by oxidised LDL 197
Polytetrafluoroethylene for haemodialysis access 126
impedance index measurements of anastomoses 65
suppression of smooth muscle cell proliferation after grafting 401
Popliteal artery adventitial cystic disease of 537
aneurysms 218
Prazosin on capillary supply, blood flow and performance 71
Subject Index

Prognosis of mortality after coronary artery bypass grafting 120
Prosthetic bypass, surveillance of 509
PTA and age in critical limb ischaemia 137
Pulse generated run-off for distal bypass surgery 13

Quality of life
after carotid endarterectomy 395
evaluation of after abdominal aortic aneurysm surgery 203
length of hospital stay following abdominal aortic aneurysm repair 185
and mortality prior to coronary artery bypass grafting 120
PTA for intermittent claudication 477

Randomised trials
duplex scanning on vein graft surveillance 19
Recombinant human growth hormone on cardiopulmonary function 311
Renal reperfusion injury, nitric oxide and 98
Renovascular disease, angiography on 78
Reoperation, vascular morbidity and mortality 292
Reperfusion injury, nitric oxide and 98
Representativity of factors in atherosclerotic vessels 276

Restenosis
after balloon angioplasty, ultrasound predictors of 110
endovascular irradiation on 371
intra-arterial photodynamic therapy using 5-ALA 284
Retinal fundoscopy, embolisation on visual function in carotid endarterectomy 231

Risk factors
detecting and operating on asymptomatic carotid disease 59
evaluation of in using an oversized balloon catheter in aorta 142
vertebral arteries, state of in carotid surgery 329

Screening of blood tests in arterial disease 513
Secondary aortoenteric fistulae, surgery for 530
Semiclosed iliac recanalisation by inguinal exposure 501
Sickness impact profile after carotid endarterectomy 395
Smoking and infrarenal aortic diameter 431
Smooth muscle cells
OxLDL induces of PDGF AA 197
proliferation, suppression of after PTFE grafting 401
Spinal cord
Infarction, magnetic resonance imaging of 362
ischaemia, monitoring evoked potentials during 320
Stenosis, semiclosed iliac recanalisation 501
Stents, autologous vein-covered, on carotid artery pseudoaneurysm 262

Strokes, carotid endarterectomy, performance of 47
Subintimal angioplasty, unsuccessful, outcome following 266
Surgery
on arc of Buhler 540
for chronic severe lower limb ischaemia 159
elective open repair of abdominal aortic aneurysms 462
perforating vein, in venous ulceration and deep venous incompetence 148
for secondary aortoenteric fistulae 530
on unilateral asymptomatic carotid disease 245
Surveillance
of abdominal aortic aneurysms 104
of prosthetic femoropopliteal bypass 509
vein graft, duplex scanning for 19
Swan-ganz, ICU protocol on outcome of abdominal aortic aneurysm 356

Takayasu’s arteritis 525
Thrombectomy, semiclosed iliac recanalisation 501
Thromboangiitis obliterans 445
Thrombolysis, endothelial dysfunction following 494
Thrombus distribution following endovascular aortic aneurysm repair 472

Tissue factor in atherosclerotic vessels 276
Tissue plasminogen activator in atherosclerotic vessels 276

Transcranial Doppler, embolisation on visual function in carotid endarterectomy 231
Transcutaneous oxygen pressure in dysvascular patients requiring amputation 53
Transient ischaemic attack, carotid endarterectomy, performance of 47
Tuberculosis, carotid artery aneurysm and 80
Tumour necrosis factor \(-\alpha\), in atherosclerotic vessels 276
and neutrophil sequestration in lungs 36

Ultrasound
on balloon angioplasty of femoropopliteal artery 110
characterisation of carotid plaque features 223
for false femoral artery aneurysms 427
graft patency evaluation with 525
measurements of thickness of carotid artery 28
Urokinase plasminogen activator in atherosclerotic vessels 276

Vascular access, PTFE and denatured homologous vein grafts for 126
Vascular disease, exercise-induced neutrophil activation 192
Vascular surgeons, estimates of distance by 429
Vascular surgery
magnetic resonance imaging of spinal cord infarction 362
OPCS codes for 415
on popliteal aneurysms 218
venous sclerotherapy 43
Vascular trauma, complex, management of 181
Vein graft, duplex scanning in 19
Venous catheter, acute limb ischaemia due to embolism from 365
Venous incompetence, calf perforating vein surgery for 148
Venous reflux, specialised leg ulcer service and surgery 238
Venous sclerotherapy, surgery on, survey of 43
Venous ulcer, calf perforating surgery on 148
Vertebral arteries, state of in carotid surgery 329
Visual fields, perioperative embolisation on in carotid endarterectomy 231
Von Recklinghausen’s disease 540

Wall shear stress
magnetic resonance imaging on 517
and progressive intimal thickening 301
