Reason: This article has been retracted: please see Elsevier Policy on Article Withdrawal (<http://www.elsevier.com/locate/withdrawalpolicy>).

This article has been retracted at the request of the Publisher.

The authors have plagiarized a paper that had already appeared in the Proceedings of the 12th International Conference on Transparent Optical Networks (ICTON), 2010, page 1-5. DOI 10.1109/ICTON.2010.5549171.

One of the conditions of submission of a paper for publication is that authors declare explicitly that their work is original and has not appeared in a publication elsewhere. Re-use of any data should be appropriately cited. As such this article represents a severe abuse of the scientific publishing system. The scientific community takes a very strong view on this matter and apologies are offered to readers of the journal that this was not detected during the submission process.
