^c *Faculty of Medicine, Menoufia University, Egypt*

This article has been retracted: please see Elsevier Policy on Article Withdrawal (<http://www.elsevier.com/locate/withdrawalpolicy>).

This article has been retracted at the request of the Editor.

The authors have plagiarized part of a paper that had already appeared in Egypt. J. Radiol. Nucl. Med. 44 (2013) 697–704. <http://dx.doi.org/10.1016/j.ejrnmm.2013.07.005>. One of the conditions of submission of a paper for publication is that authors declare explicitly that their work is original and has not appeared in a publication elsewhere. Re-use of any data should be appropriately cited. As such this article represents a severe abuse of the scientific publishing system. The scientific community takes a very strong view on this matter and apologies are offered to readers of the journal that this was not detected during the submission process.
