

The 5th International Conference on Sustainable Energy Information Technology
(SEIT)

Preface

Ansar-UI-Haque Yasar¹, Wayne Groszko²

¹*IMOB – Hasselt University, Belgium*

²*Dalhousie University, Canada*

We warmly welcome you to London, United Kingdom and to the 5th International Conference on Sustainable Energy Information Technology (SEIT). With the help and support of the technical committees we have put together an exciting technical program for this year's SEIT conference. We hope you enjoy the program and have fruitful interactions and discussions with all researchers and practitioners gathering here from around the world.

The conference will act as a platform for the dissemination of current technologies in intelligent sustainable energy, as well as act as a forum for discussing the strategic next steps in smart grid adaptation. SEIT aims to bring together academia, industry, research scholars, business entrepreneurs, practitioners, managers, and policy makers responsible in delivering advanced sustainable energy solutions for competitive advantage and cost savings in modern industrial and business sectors.

The call for papers for SEIT 2015 attracted 55 papers from authors representing many countries and continents. The expert reviewers from our technical committee assessed each paper over two rounds. Based on these reviews we accepted 21 papers, an acceptance rate of 38%.

We want to express our sincere thanks to the conference general chair and general vice-chairs for their valuable support and guidance. We are also indebted to Prof. Elhadi Shakshuki the founder and general vice co-chair of the SEIT conference from Acadia University, Canada for his support and direct involvement in the preparation of this event. We also wish to convey our sincere thanks to our local organizing committee from VelocityRTD, United Kingdom for their hard work in the local arrangements.

We are very grateful to the members of the program committee. They showed great support and expertise and provided us with extensive reviews and constructive criticism of the research papers. Many thanks also go to all the authors who have submitted their research work to the conference. Without their contributions we would have not been able to put together such a strong and interesting technical program.

We look forward to hearing productive and interesting discussions during the 2015 SEIT conference. We wish you a pleasant stay and an enjoyable time in London, United Kingdom!

SEIT 2015 Workshop

Workshop Name	Organizers
WTISG <i>International Workshop on Wireless Technology Innovations in Smart Grid</i>	- Wei Chen, Wuhan University of Technology, China - Hui Hou, Wuhan University of Technology, China

SEIT 2015 Committees

General Chair

Gerrit Jan Schaeffer, The Flemish Institute of Technological Research, Belgium

General Vice-Chairs

Elhadi Shakshuki, Acadia University, Canada (SEIT Founder)
Simon Poyser, VelocityRTD, UK

Program Chairs

Ansar-UI-Haque Yasar, IMOB – Hasselt University, Belgium
Wayne Groszko, Dalhousie University, Canada

Advisory Committee

Bilal A. Akash, American University of Ras Al Khamah, UAE
Antonio J. Conejo, Universidad de Castilla - La Mancha, Spain
Derek J Croome, University of Reading, UK
Geert Deconinck, KU Leuven, Belgium
Jatin Nathwani, University of Waterloo, Canada
Saffa Riffat, University of Nottingham, UK
Ali Sayigh, World Renewable Energy Congress / Network

Workshops Chair

Peng Hu, CMC Microsystems, Canada
Chen Wei, Wuhan University of Technology, P.R.China

Publicity Chairs

Zahoor Khan, Dalhousie University, Canada
Marco Lützenberger, DAI – TU Berlin, Germany

Technical Program Committee Members
