Texas, Southwestern Medical School, 5323 Harry Hines Boulevard, Dallas, Texas 75220, USA.

Supplements to Kidney International

Limited funds are available for the partial financial support of the direct cost of publication of the proceedings of meetings to be published as Supplements to Kidney International. Individual awards cannot exceed US $5,000. Application must be made to the Editor; it must include the date and place of the proposed meeting, a list of other sponsors, a final program (including speakers), an estimate of the number and length of manuscripts, and an expression of willingness to participate in the editorial process, including the submission of manuscripts to a modified form of peer review.

ISN Archive

Dr. Carl Gottschalk has accepted the responsibility to establish the International Society of Nephrology Archive. The Archive will consist of photographs, announcements, activities, and names of Council Members and Officers of the Society. Relevant information, documents, or photographs that are pertinent to the development and evolution of the ISN will be assembled in the Archive.

Members of the ISN or other readers of Kidney International having such material are requested to forward it to Dr. Gottschalk at the following address: Carl W. Gottschalk, M.D., Department of Medicine 226-H, University of North Carolina, Chapel Hill, North Carolina 27514 USA.

Books Received

The PKR Foundation has published the proceedings of the September 1984 International Workshop in a new book entitled, Problems in Diagnosis and Management of Polycystic Kidney Disease. Edited by Jared J. Grantham, M.D., and Kenneth D. Gardner, M.D., this hardback book discusses the pathogenesis and treatment of acquired cystic kidney disease and autosomal dominant polycystic kidney disease (ADPKD). ADPKD is a hereditary disorder that is not usually recognized until after the childbearing period, and causes renal failure in about 50% of affected patients. The book is $14.95, plus shipping and handling. For more information, write the Polycystic Kidney Research Foundation, 127 West Tenth Street, Kansas City, Missouri 64105, USA.

Meetings

The 22nd Scientific Meeting of the Australasian Society of Nephrology will be held in Perth, Western Australia, February 12–14, 1986, at the Sheraton Hotel. The Merck, Sharp & Dohme Visiting Lecturer will be Prof. A. W. Asscher; the Travenol Lecturer will be Prof. Karl Nolph; and the Royal Perth Hospital Visiting Professor will be Prof. J. Swales. For further information, write Dr. Geoffrey Thatcher, 18 Gallop Road, Dalkeith, Western Australia 6009.

Pediatric Nephrology Seminar XIII: February 23–27, 1986. Renal-GU Disorders: Progression, Replacement Therapy, Growth: Jose Strauss, M.D., Chairman. Sponsored by the Division of Pediatric Nephrology, Department of Pediatrics, University of Miami School of Medicine, A.M.A. accredited 31 hours, F.M.A. accredited 31 hours. Information: Division of Pediatric Nephrology, Department of Pediatrics, University of Miami School of Medicine, PO Box 016960, Miami, Florida 33101, USA. Telephone (305) 549-6726.

Nephrology Update '86—The University of Alabama at Birmingham will hold a Nephrology Update at the Sandestin Beach Resort, Florida, March 21–23, 1986. The course is primarily designed for practicing nephrologists, and will provide 12 hours of Category 1 CME credit. For information, write Dr. Max C. Reif, Course Director, Nephrology Research and Training Center, THT 625A, University of Alabama at Birmingham, University Station, Birmingham, AL 35294, USA, or telephone (205) 934-7220.

The 2nd International Bari Seminar in Nephrology on Acute Renal Failure: Clinical and Experimental, will be held in Bari, Italy, April 3–5, 1986. The seminar will include invited speakers, free communications, and posters. For information, write Prof. P. Coratelli, Institute of Medical Nephrology, University of Bari, Policlinic, Piazza G. Cesare No. 11, 70125, Bari, Italy.

An International Symposium on Continuous Arterio-Venous Hemofiltration will be held in Vicenza, Italy, April 10–11, 1986. Topics include technology and technique of CAVH, cardiopulmonary diseases, metabolism and parenteral nutrition, and the use of CAVH in acute renal failure and intensive care. For information, write Dr. C. Ronco, Department of Nephrology, St. Bortolo Hospital, 36100 Vicenza, Italy.

The First Portuguese Congress of Nephrology will be held in Lisbon, Portugal, April 21–23, 1986. Topics will include CAPD, hypertension, the kidney in chronic hepatic failure and amyloidosis, and renal transplantation. For information, write Prof. Martins Prata, Chairman, Department of Nephrology, Hospital Univ. Santa Maria, Av. Prof. Egas Moniz, 1600 Lisboa, Portugal.

The 1st Verona Seminar on Nephrology will be held May 1–3, 1986, in Verona, Italy. The seminar will focus on the interrelationships between the kidney and blood pressure and between hypertension and renal disease, both with normal and impaired renal function. The congress site will be Camera di Commercio, corso Porta Nuova 96, 37100 Verona, Italy. For information, write Lamberto Oldrizzi, M.D., Divisione Nefrologia, Ospedale San Martino, 37126 Verona, Italy, or telephone 045/932528-932694.

The Annual Program of the American Society of Pediatric Nephrology, entitled, "Renal failure in the first year of life," will be held May 5, 1986 at Georgetown University Medical Center in Washington, D.C. Topics for discussion include renal function in normal infants, outcome of acute renal failure in neonates, indications for initiating end-stage management, experiences with peritoneal dialysis, hemofiltration and transplantation in infants, and ethical considerations for infants whose parents elect non-intervention. For information, write Billy S. Arant Jr., M.D., Department of Pediatrics, University of Texas Health Science Center, 5323 Harry Hines Boulevard, Dallas, Texas 75225, USA, or telephone (214) 688-3438.

The International Symposium on Radionuclides in Nephro-Urology will be held May 5–7, 1986, at the Hôtel Beau Rivage, Lausanne, Switzerland. Topics include radionuclides and...
complementary/competitive methods in the investigation of kidneys, urinary tracts, and relative bone disease. Fees are 180 Swiss francs before February 15, 1986, and 230 Swiss francs thereafter. For information, write Dr. A. Bischof-Delaloye, Division Autonome de Médecine Nucléaire, Centre Hospitalier Universitaire Vaudois, CH—1011, Lausanne, Switzerland, or telephone 021/41 42 48. Telex, 25012 chuv ch.

An International Meeting on Diuretics will be held in Sorrento, Italy, May 26–30, 1986. This meeting will present the advances in both basic and clinical research to a multidisciplinary audience. Topics will include the chemistry of new diuretics, pharmacodynamics of new and old diuretics, diuretics in experimental research, endogenous natriuretic factors, effects of diuretics on water and electrolyte balance, metabolic and hormonal effects of diuretics, diuretics and hypertension, clinical uses and side effects of diuretics, and non-diuretics drugs causing subtle urinary salt loss. For information, write Prof. Vittorio E. Andreucci, Department of Nephrology, 2nd Faculty of Medicine, University of Naples, via S. Pansini, 80131 Naples, Italy, or telephone (81) 466844.

The Second International Conference on Diuretics will be held in Cascais, Portugal, June 22–27, 1986. Symposia, panel discussions, free communications and poster sessions will provide an exchange of information about diuretics and allied agents in the treatment of edema states, hypertension and other disorders. Clinical observations will be supplemented with data regarding transport and cellular biology at a basic level. For information, write to Jules B. Puschett, M.D., Renal-Electrolyte Division, University of Pittsburgh School of Medicine, 1101 Scaife Hall, Pittsburgh, Pennsylvania, 15261, USA, or telephone (412) 647-3118.

The First 1.U.I.S. Conference on Clinical Immunology will be held July 5–6, 1986 in conjunction with the Vth International Congress of Immunology in Toronto, Canada. The conference will encompass plenary sessions, mini-symposia, and a poster session. The major topics include: receptor-anti-receptor mediated diseases; new trends in the management of disorders of autoimmunity, immunodeficiency, allergy, immunodiagnostic techniques, and transplantation; and human diseases caused by lymphotropic retroviruses. Registration and abstract forms may be obtained from Mr. K. Charbonneau, National Research Council of Canada, Ottawa, Ontario, K1A OR6, Canada.

The 5th World Congress of The International Society for the Study of Hypertension in Pregnancy will be held in Nottingham, England, July 7–10, 1986. For information, write Prof. Malcom Symonds, The University of Nottingham, Department of Ob/Gyn, University Hospital, Queen's Medical Centre, Nottingham NG7 2UH, England.

The Second Congress of the Mediterranean Society of Therapy will be in Istanbul, Turkey, July 20–25, 1986. Topics include up-to-date reviews on basic and clinical therapy, therapeutic virology, mycology and parasitology, treatment of degenerative diseases, recent developments in drugs, use of antibiotics in biliary tract infections, tissue penetration of antibiotics, and new second generation quinolones. For information, write the Secretariat, Second Congress of the Mediterranean Society of Therapy, c/o Kongreßtir Travel Corp., 193 Cumhuriyet Caddesi D.6, Elmadag, Istanbul, Turkey, or telephone 146 2249–147 2251.

The IXth International Congress of Infection and Parasitic Diseases will be held in Munich, Bavaria, West Germany, July 20–26, 1986. Topics will include new viral and bacterial infections, AIDS, infections in immunodeficient patients, progress in the development of new vaccines, importance of gene technology in the production of new vaccines, antiviral chemotherapy, and epidemiology of parasitic diseases. Official language of the Congress is English; however, papers in German or French will be accepted. All slides are to be presented in English. For information, write the Congress Office at COC-Kongreßorganisation GmbH, Berliner Str. 175, P.O. Box 696, D-6050 Offenbach 4, or telephone (069) 81 30 28. Telex, 1 152 730 ccd.

The Second International Congress of Noninvasive Diagnosis of Kidney Disease will be held in Vienna, September 1–4, 1986. For information, contact Dr. Gert Lubec, University of Vienna, Department of Paediatrics, Währinger Gürtel 18, A 1090 Vienna, Austria, phone: 0222/4800-3232.

The International Symposium on Atopy and Kidney Disease will be held in Vienna, Austria, September 8–11, 1986. For information contact Dr. H. Howanietz, Department of Paediatrics, Währinger Gürtel 18, A 1090 Vienna, Austria, phone: 022/4800-3232.

The International Society of Nephrology is pleased to announce an international conference whose proceedings are to be published as the first of a series to be entitled Forefronts in Nephrology.

A four-day Conference on Molecular Biology and the Kidney will be held in the United States on September 14–18, 1986. Its objective is to emphasize an important scientific domain not yet applied widely to studies of the kidney. Speakers will include molecular biologists from throughout the world. Topics to be considered will include techniques and their application, intracellular signal generation and transduction (mediators and receptors), transport systems, and membrane biosynthesis and trafficking. The setting will be informal and at least one-half of the available time will be set aside for discussion.

Attendance will be limited to a moderate-sized group of international investigators to facilitate optimal dialogue between molecular biologists and those interested in kidney. Invitations will be extended to both senior and younger investigators. Attendees may be required to provide all of their travel and other expenses. Those interested in further information should correspond directly with Dr. Roscoe R. Robinson, Editor, Forefronts in Nephrology, D-3300 Medical Center North, Vanderbilt University, Nashville, Tennessee 37232, U.S.A.

A symposium entitled Renal Function and Disease will be held at the Knickerbocker Hotel in Chicago, Illinois, on September 18–20, 1986. Sponsored by the National Kidney Foundation, the program will feature 24 invited experts who will speak on topics ranging from renal physiology, specific kidney diseases, transplantation and dialysis—all in relation to gestation. For information contact Marshall D. Lindheimer, M.D., The University of Chicago, Departments of Medicine and Ob/Gyn, Box 453, 5841 South Maryland Avenue, Chicago, Illinois 60637, USA. Phone: (312) 962-6100.

The Third Asian Pacific Congress of Nephrology will be held October 6–10, 1986, in Singapore. For information, write to The Third APCN Secretariat, N.K.F. Centre, 705 Serangoon Road, Singapore 1232, or telephone 2500200.

Fifth International Conference on Psychonephrology:
Psychonephrology 1986 will be held at the New York Hilton in New York City, New York, USA, October 17–19, 1986. This is the only international conference exclusively devoted to psychosocial factors surrounding patients with kidney disease. It features large and small discussion groups, as well as plenary sessions and pre-conference institutes on family therapy, the use of hypnosis in kidney disease, and pediatric psychonephrology. For abstracts to be considered for the free communications Section, as well as for other information, write: Norman B. Levy, M.D., Westchester County Medical Center, Valhalla, New York 10595 USA.

The Xth International Congress of Nephrology will be held at the Barbican Centre, London, July 26–31, 1987, under the patronage of Her Majesty the Queen. The Congress President will be Professor J. S. Cameron. For further details and to ensure that your name is on the mailing list, please contact Dr. F. J. Goodwin, Congress Secretariat, 70 Richmond Road, Twickenham, Middlesex, TW1 3BE, United Kingdom.

The Uremic Diabetic, 1987: A Status Report. Satellite Symposium to the Xth International Congress of Nephrology will meet in Jerusalem, Israel, August 3–5, 1987. The Organizing Committee includes H. E. Eliahou, E. A. Friedman, G. Viberti, and C. E. Mogensen. For details, contact P.O. Box 50 006, Tel-Aviv 61500 Israel.

The Transplantation Society of Australia and New Zealand and the Australasian Society of Nephrology are planning a combined meeting to be held in 1987 in Adelaide, South Australia. The MSD Visiting Lecturer will be Prof. Peter Bell, Professor of Surgery, Leicester, England. More information will follow.

The Dialysis Society of Australia, the Jubilee Scientific Meeting of the Royal Australasian College of Physicians, and the Australasian Society of Nephrology are planning a combined meeting for May 8–13, 1988, in Sydney, New South Wales. More information will follow.

The XIX International Congress on Internal Medicine will be held in Brussels from August 29–September 2, 1988. For further information and registration contact Dr. A. Dupont, Scientific Secretariat, Department of Pharmacology, University Hospital VUB, Laarbeeklaan 103, B-1090 Brussels or Mrs. D. Shanni, Administrative Secretariat, SDR Associated, Rue Vilain XIII 17a, B-1050 Brussels.

The XIIth International Congress of the Transplantation Society of Australia and New Zealand will be held September 11–19, 1988, in Sydney, Australia. For information, write Dr. Bruce Hall, Honorary Secretary, The Transplantation Society of Australia and New Zealand, 145 Macquarie Street, Sydney 2000 Australia.

Workshop

A Dialysis and Transplant Workshop will be held in Perth, Western Australia, February 9–11, 1986, in conjunction with the 22nd Scientific Meeting of the Australasian Society of Nephrology. Attendance at this workshop will be by invitation through each dialysis/transplantation unit in Australia and New Zealand. Prof. Karl Nolph will be the Travenol Visiting Lecturer. For information, write Dr. Geoffrey Thatcher, 18 Gallop Road, Dalkeith, Western Australia 6009.

An International Workshop on Artificial Organs and Artificial Replacement Programmes will be held in Erice, Sicily, Italy, April 17–20, 1986. The workshop will present a state-of-the-art overview of artificial substitution for various organs and will outline future prospects. For information, write Prof. Vittorio Bonomini, Institute of Nephrology, St. Orsola University Hospital, Via Massarenti 9, 40138 Bologna, Italy.

Courses

Advanced Nephrology: Nephrology for the Consultant (January 30–February 1, 1986) will be held at the Sheraton-Harbor Island West Hotel in San Diego, California, USA. This fifth annual course is designed to provide an in-depth look into areas in Nephrology where rapid advances are currently being made. It has been accredited for 18 credit hours in the AMA Category I continuing medical education section. For information, write to Registration, Advanced Nephrology, Department of Medicine, UCSD, P.O. Box 81344, San Diego, California, USA, or telephone (619) 294-5339.

Examination

Certification of Special Qualification in Diagnostic Laboratory Immunology will be given by the American Board of Allergy and Immunology in St. Louis, Missouri USA on October 10, 1986. This certification is for internists or pediatricians involved in the teaching, research, or practice setting where the diagnostic immunology laboratory is of central importance. Registration opens January 1 and closes March 31, 1986. Requests for applications to: American Board of Allergy and Immunology, 3624 Market Street, Philadelphia, Pennsylvania 19104, USA.

The American Board of Internal Medicine has announced dates for the Subspecialty Examination in Nephrology for 1986. The registration period for this examination will run from January 1 to April 1, 1986, and the examination date is November 11, 1986. For information and application forms, write the Registration Section, American Board of Internal Medicine, 3624 Market Street, Philadelphia, Pennsylvania 19104 USA.

National societies

The Secretary General of the International Society of Nephrology is endeavoring to bring the Society's list of national societies up-to-date. Many such national societies are not affiliated with the ISN or their affiliation has lapsed. To retain their affiliated status and to vote at the General Assembly, a list of individual members is required to be sent annually. Secretaries of national societies therefore are asked to provide the Secretary General with the address to which correspondence should be sent, together with a list of their officers and individual members (the latter to be submitted at least 6 months before the 1987 International Congress of Nephrology), and a formal application for affiliation where this has lapsed. Please send these to Dr. Claude Amiel, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16 rue Henri Huchard, 75018 Paris, France.
The American Society of Nephrology announces a service to its non-American colleagues. For an annual fee of US $40, the ASN will send you all of its mailings and announcements, including a copy of the annual abstract book (first class rates only). Checks for $40 along with your name and desired mailing address should be sent to the ASN National Office, c/o Charles B. Slack, Inc., 6900 Grove Road, Thorofare, New Jersey 08068 USA.

AWARDS AND GRANTS

Fellows of the ISN

Six individuals have been selected as ISN Fellows. These are:

Chen Hua, M.D.
Department of Pediatrics
First Teaching Hospital
Beijing Medical College
No. 1 Xi An Men Street
Beijing
People's Republic of China

Dr. Zhang Jinhong
c/o Dr. Li Lileishi
Director of Medical Department
305 East Zhongshan Road Hospital
Nanjing, Jiangsu, China

Dr. Kyo Sun Kim
812 Memorial Drive
Apartment 1114A
Cambridge, MA 02139

Dr. Zheng Fa Lei
Renal Division, Department of Medicine
Capital Hospital
China Academy of Medical Sciences
Capital Medical College of China
Beijing, People’s Republic of China

Mohammad Qusuf Nasution, M.D.
5J1, Dr. Mansur Campus U.S.U.
P.O. Box 74
Medan, Sumatra
Indonesia

Romualdo Pacheco Prada
Service de Therapeutique Nephrologique
Hôpital Necker
161, rue de Sevres
75730 Paris Cedex 15
France

International Fellowship Training Awards

The International Society of Nephrology announces the establishment of an International Fellowship Training Program to provide training in clinical nephrology to physicians from developing countries. It is the objective of this program to support the growth of nephrology in developing countries through an educational program that admits qualified applicants to clinical training in recognized nephrology programs around the world, and then to return to their home country to practice and/or teach. In unique circumstances, applicants who wish basic research training may be considered if the environment in the home country will permit continued research upon the completion of training.

The guidelines for application are as follows:

1. Fellowship awards will be made only to physicians from developing countries.
2. Applicants must provide evidence of acceptance into a recognized and suitable training program before the award can be granted.
3. The Fellow must return to his or her home country upon completion of approved training.
4. The Fellow must provide evidence of a guaranteed position in a medical institution upon return to the home country.
5. Fellows will receive US $15,000 per year from the Society; they must also provide evidence of additional financial support from the home country and/or the host institution, including the provision of round-trip travel funds for the Fellow and his or her immediate family.
6. Fellows must be able to read and speak the language of the host country. An interview may be required to assess verbal fluency.
7. Fellowships will be offered primarily for clinical training of one to two years duration.
8. Clinical training programs should be practical in their orientation, and applicable to the needs and conditions of the home country. The ability of the host institution to provide such training will be an important factor in the selection process.
9. Fellows must have received sufficient training in internal medicine or other fields to pass all host country examinations that are necessary to the care of patients. Fellowships may be awarded to senior individuals who seek additional training but, in general, preference will be given to younger physicians who are at the beginning of their permanent careers.
10. A limited amount of financial support may be available to Fellows for basic start-up needs upon return to the home country.
11. Specific instructions and the necessary application forms can be obtained by writing directly to Dr. Claude Amiel, Secretary General, International Society of Nephrology, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16 rue de Henri Huchard, 75018 Paris, France.

Travel Awards

Travel Fellowships for the Xth International Congress of Nephrology, London, England, July 26–31, 1987, are available from the International Society of Nephrology. The ISN will provide 120 travel awards of US $500 each. Applicants must be 40 years of age or under. Preference will be given to a presenter, first author, or co-author of an abstract. Membership in the ISN will be a consideration for receipt of the award.

Application forms for the travel grants will be included in the mailings on behalf of the Congress. Notice of the awards will be made on April 15, 1987, and the funds will be available in London at the time of the Congress.
