Editorial

Why publish a survey of orthopaedic scientific production from China?

H. Migaud

Original articles

Research in orthopaedics from China has thrived over the last decade: A bibliometric analysis of publication activity

T. Cheng

Effects of a preoperative simplified home rehabilitation education program on length of stay of total knee arthroplasty patients

S.-W. Huang, P.-H. Chen and Y.-H. Chou

One-year prospective comparative study of three large-diameter metal-on-metal total hip prostheses: Serum metal ion levels and clinical outcomes

Joint perception after hip or knee replacement surgery

M. Collins, M. Lavigne, J. Girard and P.-A. Vendittoli

Retrieval analysis of squeaking ceramic implants: Are there related specific features?

C. Chevillotte, R.T. Trousdale, K.-N. An, D. Padgett and T. Wright

Proximal femoral nail antirotation (PFN-ATM) fixation of extra-capsular proximal femoral fractures in the elderly: Retrospective study in 102 patients

E. Soucanye de Landevoisin, A. Bertani, P. Candoni, C. Charpall and E. Demortiere

Dual mobility cups hip arthroplasty as a treatment for displaced fracture of the femoral neck in the elderly. A prospective, systematic, multicenter study with specific focus on postoperative dislocation

doi:10.1016/S1877-0568(12)00081-3
Induced membrane technique for reconstruction after bone tumor resection in children: A preliminary study
F. Chotel, L. Nguiabanda, P. Braillon, R. Kohler, J. Bérard and K. Abelin-Genevois .......................... 301

Primary tumor of the periacetabular region: Resection and reconstruction using a segmental ipsilateral femur autograft

Simplified open repair for anterior chest wall deformities. Analysis of results in 205 patients
A. Wurtz, N. Rousse, L. Benhamed, M. Conti, I. Hysi, C. Pinçon and R. Nevière .............................. 319

Neuropathic complications after 157 procedures of continuous popliteal nerve block for hallux valgus surgery. A retrospective study
V. Hajek, C. Dussart, F. Klack, A. Lamy, J.-Y. Martinez, P. Lainé, L. Mazurier, L. Guilloton and A. Drouet .......................................................... 327

Shield kyphoplasty through a unipedicular approach compared to vertebroplasty and balloon kyphoplasty in osteoporotic thoracolumbar fracture: A prospective randomized study
S. Endres and A. Badura ................................................................. 334

Technical notes

Anterolateral kyphoplasty in the management of cervical spinal metastasis
B. Blondel, T. Adetchessi, J. Demakakos, G. Pech-Gourg, H. Dufour and S. Fuentes ........................ 341

Total hip revision using a cup design with a peg to treat severe pelvic bone defects

Case reports

Should post-traumatic thoracolumbar Frankel A paraplegia be operated as an emergency? Report of three cases and review of the literature
O. Launay, Y.P. Charles and J.-P. Steib ......................................................... 352

Isolated anterior unilateral sacroiliac dislocation without pubic arch disjunction
N. Bouguennec, F. Gouin and G. Piétu .......................................................... 359

Aseptic arthritis after ACL reconstruction by Tape Locking Screw (TLS®): Report of two cases
F. Colin, F. Lintz, K. Bargoin, C. Guillard, G. Venet, A. Tesson and F. Gouin ................................. 363
