Publisher's Note

New Negatives in Plant Science is discontinued.

Regretfully, the Publisher has decided to discontinue the journal *New Negatives in Plant Science*. Published content will remain available on ScienceDirect.

Authors in the field of plant science research will continue to be served by the following journals - see their journal websites for further submission details:

- Plant Science
- Current Plant Biology
- Plant Physiology and Biochemistry
- Journal of Plant Physiology
- Environmental and Experimental Botany

The Publisher regrets any inconvenience to authors, editors and reviewers, and is appreciative of their initial support in trying to get this journal launched.
