Subject Index*

A

Ablation; see Catheter ablation

Abnormalities, cardiovascular; see also specific type

Atrioventricular discordance with ventriculoarterial concordance: a remaining indication for the atrial switch operation (Konstantinov et al). 2004;128:944-5 (Brief comm.)

Reconstruction of double-outlet right ventricular outflow tract comprising a pulmonary artery flap in a child with an anomalous coronary artery (Asano et al). 2004;128:328-9 (Letter)

Two-conduit repair for anomalous origin of the left coronary artery from the pulmonary artery in an adult (Kattach et al). 2004;128:641-2 (Brief comm.)

Acetylcysteine

Myocardial apoptosis prevention by radical scavenging in patients undergoing cardiac surgery (Fischer et al). 2004;128:103-8

Acromegaly

Adenosine

The evolution of ischemic spinal cord injury in function, cytoarchitecture, and inflammation and the effects of adenosine A2A receptor activation (Reece et al). 2004;128:925-32

ADP ribose transferases

Poly–adenosine diphosphate–ribose polymerase inhibition for myocardial protection: pathophysiologic and physiologic considerations (Bloch and Mehlhorn) (Letter); (Szabo and Szabó) (Reply). 2004;128:323-5

Adrenergic beta-antagonists

H9252-Blocker prevented repeated pulmonary hypertension episodes after bilateral lung transplantation in a patient with primary pulmonary hypertension (Okada et al). 2004;128:793-4 (Brief comm.)

alpha 1-antitrypsin deficiency

American Association for Thoracic Surgery

Annual meeting announcements. 2004;128:160; 334; 496; 651; 804; 955

Annual meeting notes. 2004;128:494-5

Editors and editorial board disclosures. 2004;128:652

American Board of Thoracic Surgery

Notices of examination and recertification process. 2004;128:161-2; 335-6; 497-8; 653-4; 805-6; 956-7

Amyloidosis

Anastomosis, surgical; see also Heart bypass, right

Initial experience with the Heartstring proximal anastomotic system (Medalion et al). 2004;128:273-7

Transit-time flow measurement cannot detect wrong anastomosis of an internal thoracic artery with the cardiac vein in coronary artery surgery (Takami and Masumoto). 2004;128:629-31 (Brief comm.)

Aneurysm; see specific artery

Aneurysm, dissectioning

Distal aortic arch aneurysm after endovascular stent graft repair for type B chronic aortic dissection (Russo et al). 2004;128:634-6 (Brief comm.)

Residual dissection of the brachiocephalic arteries: significance, management, and long-term outcome (Neri et al). 2004;128:303-12

Surgical management of progression to type A dissection from an intramural hematoma previously treated with endovascular stent graft placement (Savini et al). 2004;128:773-5 (Brief comm.)

Valve-sparing root replacement for pulmonary autograft dissection late after the Ross operation (Luciani et al). 2004;128:753-6 (Brief comm.)

Aneurysm, false

Endovascular coil embolization for acute management of traumatic pulmonary artery pseudoaneurysm (Block et al). 2004;128:784-5 (Brief comm.)

Surgical repair of a leaking double postinfarction left ventricular pseudoaneurysm (Milojevic et al). 2004;128:765-7 (Brief comm.)

Angiogenic proteins

Angiogenic growth factors and/or cellular therapy for myocardial regeneration: a comparative study (Chachques et al). 2004;128:245-53

Angiomyoma

Giant superior mediastinal angioleiomyoma (Vrtik et al). 2004;128:786-8 (Brief comm.)

Announcements

2004;128:160-2; 334-6; 494-8; 651-4; 804-6; 955-7

Aorta, thoracic

Innominate artery transection in the setting of a bovine arch (Moise et al). 2004;128:632-4 (Brief comm.)
Malignant peripheral nerve sheath tumor of the mediastinum: a temporary aortic transection approach (Asai et al). 2004;128:615-7 (Brief comm.)

Should the ascending aorta be replaced more frequently in patients with bicuspid aortic valve disease? (Borger et al). 2004;128:677-83

Size reduction ascending aortoplasty: is it dead or alive? (Robicsek et al). 2004;128:562-70

Total aortic arch replacement with a branched graft and limited circulatory arrest of the brain (Kouchoukos and Masetti). 2004;128:233-7

Aortic aneurysm

Distal aortic arch aneurysm after endovascular stent graft repair for type B chronic aortic dissection (Russo et al). 2004;128:634-6 (Brief comm.)

Is coma an absolute contraindication for emergency central aortic operation? (Fujii). 2004;128:749-50 (Brief comm.)

Successful use of one dose of recombinant factor VIIa to control severe bleeding after emergency aortic arch replacement in deep hypothermic circulatory arrest (Wiesenack et al). 2004;128:941-3 (Brief comm.)

Surgical management of progression to type A dissection from an intramural hematoma previously treated with endovascular stent graft placement (Savini et al). 2004;128:773-5 (Brief comm.)

Aortic coarctation

Something to expect, diagnose, and treat early (Elayed et al) (Letter); (Maia et al) (Reply). 2004;128:488-9

Aortic stenosis, supravalvular

Dysphagia: an unusual presentation of giant aneurysm of the right coronary artery and supravalvular aortic stenosis in Williams syndrome (Mignosa et al). 2004;128:946-8 (Brief comm.)

Aortic valve

Aortic valve replacement with the minimal extracorporeal circulation (Jostra MECC System) versus standard cardiopulmonary bypass: a randomized prospective trial (Remadi et al). 2004;128:436-41

Fontan operation for hypoplastic left heart syndrome with absent aortic valve (Hibino et al). 2004;128:315-8 (Brief comm.)

Quality of life after aortic valve replacement with tissue and mechanical implants (Sedrakyan et al). 2004;128:266-72

Sarcoidosis of the aortic root (Gasparovic et al). 2004;128:761-2 (Brief comm.)

Should the ascending aorta be replaced more frequently in patients with bicuspid aortic valve disease? (Borger et al). 2004;128:677-83

Suggestion for functional model to test effects of decellularization of rat aortic valve allografts on leaflet destruction and extracellular matrix remodeling (Légaré and Ross) (Letter); (Grauss et al) (Reply). 2004;128:155-6

Aortic valve insufficiency

Apolipoproteins E

Genetic polymorphisms of apolipoprotein E4 and tumor necrosis factor β as predisposing factors for increased inflammatory cytokines after cardiopulmonary bypass (Grünenfelder et al). 2004;128:92-7

Apoptosis

Ischemic preconditioning or heat shock pretreatment ameliorates neuronal apoptosis following hypothermic circulatory arrest (Yeh et al). 2004;128:203-10

Myocardial apoptosis prevention by radical scavenging in patients undergoing cardiac surgery (Fischer et al). 2004;128:103-8

Nitric oxide attenuates cardiomyocyte apoptosis via diminished mitochondrial complex I up-regulation from cardiac ischemia-reperfusion injury under cardiopulmonary bypass (Yeh et al). 2004;128:180-8

Proteasome inhibition sensitizes non–small cell lung cancer to histone deacetylase inhibitor–induced apoptosis through the generation of reactive oxygen species (Denninger et al). 2004;128:740-4

Warm blood cardioplegic arrest induces mitochondrial-mediated cardiomyocyte apoptosis associated with increased urocortin expression in viable cells (Scarabelli et al). 2004;128:364-71

Aprotinin

Reduction of myocardial reperfusion injury by aprotinin after regional ischemia and cardioplegic arrest (Khan et al). 2004;128:602-8
Arteriovenous malformation
Tracheal obstruction from mediastinal arteriovenous malformation (Grillo and Athanasoulis). 2004;128:780-2 (Brief comm.)

Aspergillosis
Surgical management of bilateral multiple invasive pulmonary aspergillosis (Dunst and Mueller). 2004;128:621-2 (Brief comm.)

Atrial fibrillation
Ventral cardiac denervation: is it truly an effective prophylaxis against atrial fibrillation after coronary artery bypass grafting? (Alex et al.). 2004;128:326-7 (Letter)

Axillary artery
Axillary artery cannulation for cardiopulmonary bypass reduces cerebral microemboli (Hedayati et al.). 2004;128:386-90

Bahnson, Henry T.

beta-blockers; see Adrenergic beta-antagonists

Bias (epidemiology)
Caveat emptor: the treachery of work-up bias (Blackstone and Lauer). 2004;128:341-4 (Editorial)

Bio-glue; see Tissue adhesives

Bioprosthesis

Blood loss, surgical
Clopidogrel and bleeding in patients undergoing elective coronary artery bypass grafting (Chen et al.). 2004;128:425-31

Blood vessel prosthesis
Development of an artificial vessel lined with human vascular cells (Gulbins et al.). 2004;128:372-7

Brachiocephalic trunk
Innominate artery transection in the setting of a bovine arch (Moise et al.). 2004;128:632-4 (Brief comm.)
Residual dissection of the brachiocephalic arteries: significance, management, and long-term outcome (Neri et al.). 2004;128:303-12

Brain ischemia
Amniotic air insufflation during minimally invasive fetoscopic fetal cardiac interventions is safe for the fetal brain in sheep (Kohl et al.). 2004;128:467-71
Comparison of pH management during antegrade selective cerebral perfusion in canine models with old cerebral infarction (Ohkura et al.). 2004;128:378-85

Brief Communications
2004;128:313-8; 615-47; 749-94; 941-8

Bronchi
Tracheobronchial amyloidosis: a surgical disease with long-term consequences (Dahl et al.). 2004;128:789-92 (Brief comm.)

Bromchial neoplasms
Bronchotomy in the treatment of a low-grade bronchial mucoepidermoid carcinoma in a child (Vaos et al.). 2004;128:782-3 (Brief comm.)
Value of F-18-flurodeoxyglucose positron emission tomography after induction therapy of locally advanced bronchogenic carcinoma (Hellwig et al.). 2004;128:892-9

Bronchiolitis obliterans
Successful bilateral lung volume reduction in a child with emphysema from bronchiolitis obliterans (Mancuso et al.). 2004;128:645-7 (Brief comm.)

Bronchopulmonary sequestration
A rare case of extralobar sequestration with hemoptysis (Sato et al.). 2004;128:778-9 (Brief comm.)

Carbon dioxide
Effect of carbon dioxide insufflation on free internal thoracic artery flows: is it a vasodilator? (Özkan et al.). 2004;128:354-6

Carcinoma, bronchogenic
Value of F-18-flurodeoxyglucose positron emission tomography after induction therapy of locally advanced bronchogenic carcinoma (Hellwig et al.). 2004;128:892-9

Carcinoma, mucoepidermoid
Bronchotomy in the treatment of a low-grade bronchial mucoepidermoid carcinoma in a child (Vaos et al.). 2004;128:782-3 (Brief comm.)

Carcinoma, non-small-cell lung
Prolonged survival in patients with resected non–small cell lung cancer and single-level N2 disease (Keller et al.). 2004;128:130-7
Proteasome inhibition sensitizes non–small cell lung cancer to histone deacetylase inhibitor–induced apoptosis through the generation of reactive oxygen species (Dennlinger et al.). 2004;128:740-8
Sleeve segmentectomy for non–small cell lung carcinoma (Okada et al.). 2004;128:420-4
Value of intraoperative pleural lavage in staging non–small cell lung cancer (Goldstraw and Lim). 2004;128:331 (Letter)

Cardiac output
Load dependence of cardiac output in biventricular pacing: right ventricular volume overload in pigs (Rabkin et al.). 2004;128:98-102
Recombinant hirudin enhances cardiac output and decreases systemic vascular resistance during reperfusion after cardiopulmonary bypass in a porcine model (Jormalainen et al.). 2004;128:189-96
Cardiopulmonary bypass
Cardioplegic solutions
Cardiac surgical procedures; see also specific procedure
New approach to multiple ventricular septal defect closure with intraoperative echocardiography and double patches sandwiching the septum (Brizizard et al). 2004;128:684-92
Repair of an isolated huge congenital left ventricular diverticulum (Paz et al). 2004;128:313-4 (Brief comm.)
Repair of the Ebstein anomaly (Chauvaud) (Letter); (Chen) (Reply). 2004;128:798-9
The return of the coronary staple: will a new technique overcome an old obstacle? (Konstantinov) (Letter); (Suyker et al) (Reply). 2004;128:330-1
Surgery for left ventricular aneurysm: early and late survival after simple linear repair and endoventricular patch plasty (Lundblad et al). 2004;128:449-56
Surgical repair of a leaking double postinfarction left ventricular pseudoaneurysm (Milojevic et al). 2004;128:765-7 (Brief comm.)
A technique for repair of mitral paravalvular leak (Mangi and Torchiana). 2004;128:771-2 (Brief comm.)
Cardiomyopathy, hypertrophic
Regional myocardial ischemia in hypertrophic cardiomyopathy: impact of myectomy (Jörg-Ciopor) et al. 2004;128:163-9
Cardiogenic solutions
Nitric oxide attenuates cardiomyocytic apoptosis via diminished mitochondrial complex I up-regulation from cardiac ischemia-reperfusion injury under cardiopulmonary bypass (Yeh et al). 2004;128:180-8
Cardiopulmonary bypass
Aortic valve replacement with the minimal extracorporeal circulation (Jostra MECC System) versus standard cardiopulmonary bypass: a randomized prospective trial (Remadi et al). 2004;128:436-41
Auxiliary artery cannulation for cardiopulmonary bypass reduces cerebral microemboli (Hedayati et al). 2004;128:386-90
Can extra protamine eliminate heparin rebound following cardiopulmonary bypass surgery? (Teoh et al). 2004;128:211-9
Genetic polymorphisms of apolipoprotein E4 and tumor necrosis factor β as predisposing factors for increased inflammatory cytokines after cardiopulmonary bypass (Grünenfelder et al). 2004;128:92-7
Inhaled prostacyclin is safe, effective, and affordable in patients with pulmonary hypertension, right-heart dysfunction, and refractory hypoxemia after cardiothoracic surgery (Muzaffar et al). 2004;128:949-50 (Letter)
Inhaled prostacyclin reduces cardiopulmonary bypass-induced pulmonary endothelial dysfunction via increased cyclic adenosine monophosphate levels (Fortier et al). 2004;128:109-16
Nitric oxide attenuates cardiomyocytic apoptosis via diminished mitochondrial complex I up-regulation from cardiac ischemia-reperfusion injury under cardiopulmonary bypass (Yeh et al). 2004;128:180-8
Recombinant hirudin enhances cardiac output and decreases systemic vascular resistance during reperfusion after cardiopulmonary bypass in a porcine model (Jormalainen et al). 2004;128:189-96
Cardiopulmonary Support and Physiology
Cardiovascular surgical procedures; see also specific procedure
Atrioventricular discordance with ventriculoarterial concordance: a remaining indication for the atrial switch operation (Konstantinov et al). 2004;128:944-5 (Brief comm.)
Surgical management of a giant left main coronary artery aneurysm (Pinheiro et al). 2004;128:751-2 (Brief comm.)
Two-conduit repair for anomalous origin of the left coronary artery from the pulmonary artery in an adult (Kattach et al). 2004;128:641-2 (Brief comm.)
Which is the best surgical strategy for “complete” treatment of ischemic cardiomyopathy? (Fundarò et al) (Letter); (Kron) (Reply). 2004;128:156-7
Case report
Biventricular assistance with the Jarvik FlowMaker: a case report (Frazier et al). 2004;128:625-6 (Brief comm.)
Catheter ablation
Cell culture; see Tissue engineering
Cerebral ischemia; see Brain ischemia; Intracranial embolism
Cerebrovascular circulation
Preoperative cerebral blood flow is diminished in neonates with severe congenital heart defects (Licht et al). 2004;128:841-9
Total aortic arch replacement with a branched graft and limited circulatory arrest of the brain (Kouchoukos and Masetti). 2004;128:233-7
Chemotherapy, adjuvant
Resectional surgery combined with chemotherapy remains the treatment of choice for multidrug-resistant tuberculosis (Shiraishi et al). 2004;128:523-8
Child
Bronchotomy in the treatment of a low-grade bronchial mucoidermoid carcinoma in a child (Vaos et al). 2004;128:782-3 (Brief comm.)
Gender differences in pediatric cardiac surgery: the cardiologist’s perspective (Miller-Hance and Tacy). 2004;128:7-10 (Editorial)
Gender differences in pediatric cardiac surgery: the surgeon’s perspective (Azakie and Russell). 2004;128:4-6 (Editorial)
Coronary aneurysm

Combined modality therapy

Coma

Collateral circulation

Clopidogrel

Clinical trials

Cisplatin

Clinical-Pathologic Conference

Cilostazol

Locally applied cilostazol suppresses neointimal hyperplasia by inhibiting tenasin-c synthesis and smooth muscle cell proliferation in free artery grafts (Fujinaga et al). 2004;128:357-63

Cisplatin

Clinical trials

Clopidogrel

Clopidogrel and bleeding in patients undergoing elective coronary artery bypass grafting (Chen et al). 2004;128:425-31

Flow dynamics of the St Jude Medical Symmetry aortic connector vein graft anastomosis do not contribute to the risk of acute thrombosis (Redaelli et al). 2004;128:117-23 (Evolving tech.)

Moderate mitral regurgitation repair at the time of coronary bypass: when is it required? (Fundaro et al) (Letter); (Mallidi and Pelletier) (Reply). 2004;128:796-7

Twisting of pedicled left internal thoracic artery graft three hundred sixty degrees clockwise: does it change the outcome? (Sarma et al). 2004;128:617-8 (Brief comm.)

Ventricular cardiac denervation: is it truly an effective prophylaxis against atrial fibrillation after coronary artery bypass grafting? (Alex et al). 2004;128:326-7 (Letter)

Ventricular function after coronary artery bypass grafting: evaluation by magnetic resonance imaging and myocardial strain analysis (Maniar et al). 2004;128:76-82

Worse early outcomes in women after coronary artery bypass grafting: is it simply a matter of size? (Habib et al) (Letter); (Guru et al) (Reply). 2004;128:487-8

Coronary artery bypass, off-pump

Does off-pump total arterial grafting increase the incidence of intraoperative graft failure? (Balacumaraswami et al). 2004;128:238-44

Effects of tranexamic acid on postoperative bleeding and related hematohemodynamic variables in coronary surgery: comparison between on-pump and off-pump techniques (Casati et al). 2004;128:83-91

Emergency conversion to cardiopulmonary bypass during attempted off-pump revascularization results in increased morbidity and mortality (Patel et al). 2004;128:655-61

Coronary-coronary bypass

The difference is meaningful: anatomic coronary-coronary bypass or physiologic coronary-coronary bypass? (Aazami) (Letter); (Nežić) (Reply). 2004;128:799-801

Myocardial metabolic changes during pediatric cardiac surgery: a randomized study of 3 cardioplegic techniques (Modi et al). 2004;128:67-75

Primary closure for postoperative mediastinitis in children (Ohye et al). 2004;128:480-6

Reconstruction of double-outlet right ventricular outflow tract comprising a pulmonary artery flap in a child with an anomalous coronary artery (Asano et al). 2004;128:328-9 (Letter)

Successful bilateral lung volume reduction in a child with emphysema from bronchiolitis obliterans (Mancuso et al). 2004;128:645-7 (Brief comm.)

Cilostazol

Locally applied cilostazol suppresses neointimal hyperplasia by inhibiting tenasin-c synthesis and smooth muscle cell proliferation in free artery grafts (Fujinaga et al). 2004;128:357-63

Cisplatin

Clinical-Pathologic Conference

Clinical trials

Clopidogrel

Clopidogrel and bleeding in patients undergoing elective coronary artery bypass grafting (Chen et al). 2004;128:425-31

Collateral circulation

Coma

Is coma an absolute contraindication for emergency central aortic operation? (Fujii). 2004;128:749-50 (Brief comm.)

Combined modality therapy

Nesiritide as an adjunctive therapy in adult patients with heart failure undergoing high-risk cardiac surgery (Samuels et al). 2004;128:627-9 (Brief comm.)

Coronary aneurysm

Dysphagia: an unusual presentation of giant aneurysm of the right coronary artery and supraavalvular aortic stenosis in Williams syndrome (Mignosa et al). 2004;128:946-8 (Brief comm.)

Surgical management of a giant left main coronary artery aneurysm (Pinheiro et al). 2004;128:751-2 (Brief comm.)

Coronary artery bypass

Clopidogrel and bleeding in patients undergoing elective coronary artery bypass grafting (Chen et al). 2004;128:425-31

Flow dynamics of the St Jude Medical Symmetry aortic connector vein graft anastomosis do not contribute to the risk of acute thrombosis (Redaelli et al). 2004;128:117-23 (Evolving tech.)

Moderate mitral regurgitation repair at the time of coronary bypass: when is it required? (Fundaro et al) (Letter); (Mallidi and Pelletier) (Reply). 2004;128:796-7

Twisting of pedicled left internal thoracic artery graft three hundred sixty degrees clockwise: does it change the outcome? (Sarma et al). 2004;128:617-8 (Brief comm.)

Ventricular cardiac denervation: is it truly an effective prophylaxis against atrial fibrillation after coronary artery bypass grafting? (Alex et al). 2004;128:326-7 (Letter)

Ventricular function after coronary artery bypass grafting: evaluation by magnetic resonance imaging and myocardial strain analysis (Maniar et al). 2004;128:76-82

Worse early outcomes in women after coronary artery bypass grafting: is it simply a matter of size? (Habib et al) (Letter); (Guru et al) (Reply). 2004;128:487-8

Coronary artery bypass, off-pump

Does off-pump total arterial grafting increase the incidence of intraoperative graft failure? (Balacumaraswami et al). 2004;128:238-44

Effects of tranexamic acid on postoperative bleeding and related hematohemodynamic variables in coronary surgery: comparison between on-pump and off-pump techniques (Casati et al). 2004;128:83-91

Emergency conversion to cardiopulmonary bypass during attempted off-pump revascularization results in increased morbidity and mortality (Patel et al). 2004;128:655-61

Coronary-coronary bypass

The difference is meaningful: anatomic coronary-coronary bypass or physiologic coronary-coronary bypass? (Aazami) (Letter); (Nežić) (Reply). 2004;128:799-801
Coronary disease
Functional mitral regurgitation in chronic ischemic coronary artery disease: analysis of geometric alterations of mitral apparatus with magnetic resonance imaging (Yu et al). 2004;128:543-51

Corrections

Correspondence; see Letters to the Editor
Costs and cost analysis
Long-segment tracheal stenosis: slide tracheoplasty and a multidisciplinary approach improve outcomes and reduce costs (Kocyildirim et al). 2004;128:876-82

Cox maze procedure

Cytokines
Genetic polymorphisms of apolipoprotein E4 and tumor necrosis factor β as predisposing factors for increased inflammatory cytokines after cardiopulmonary bypass (Grünenfelder et al). 2004;128:92-7

Deglutition disorders
Dysphagia: an unusual presentation of giant aneurysm of the right coronary artery and supravalvular aortic stenosis in Williams syndrome (Mignosa et al). 2004;128:946-8

Denervation
Ventral cardiac denervation: is it truly an effective prophylaxis against atrial fibrillation after coronary bypass grafting? (Alex et al). 2004;128:326-7 (Letter)

Donor; see Living-donors
Duke Activity Status Index

Dysphagia; see Deglutition disorders

Echocardiography, three-dimensional

Echocardiography, transesophageal
Atrial septal mass: transesophageal echocardiographic assessment (Rizzioli et al). 2004;128:767-9 (Brief comm.)

Embolism; see also Thromboembolism
Axillary artery cannulation for cardiopulmonary bypass reduces cerebral microemboli (Hedayati et al). 2004;128:386-90

Fatal right ventricular infarction caused by Bioglue coronary embolism (Mahmood et al). 2004;128:770-1 (Brief comm.)

Embolization, therapeutic
Endovascular coil embolization for acute management of traumatic pulmonary artery pseudoaneurysm (Block et al). 2004;128:784-5 (Brief comm.)

Emergency treatment
Emergency conversion to cardiopulmonary bypass during attempted off-pump revascularization results in increased morbidity and mortality (Patel et al). 2004;128:655-61

Is coma an absolute contraindication for emergency central aortic operation? (Fujii). 2004;128:749-50 (Brief comm.)

Successful use of one dose of recombinant factor VIIa to control severe bleeding after emergency aortic arch replacement in deep hypothermic circulatory arrest (Wiesenack et al). 2004;128:941-3 (Brief comm.)

Emphysema
Successful bilateral lung volume reduction in a child with emphysema from bronchiolitis obliterans (Mancuso et al). 2004;128:645-7 (Brief comm.)

Enoxaparin

Epoprostenol
Inhaled prostacyclin is safe, effective, and affordable in patients with pulmonary hypertension, right-heart dysfunction, and refractory hypoxemia after cardiothoracic surgery (Muzaffar et al). 2004;128:949-50 (Letter)

Inhaled prostacyclin reduces cardiopulmonary bypass–induced pulmonary endothelial dysfunction via increased cyclic adenosine monophosphate levels (Fortier et al). 2004;128:109-16

Esophageal achalasia
Esophageal fistula
Congenital tracheoesophageal fistulas presenting in adults: presentation of two cases and a synopsis of the literature (Zacharias et al). 2004;128:316-8 (Brief comm.)

Events of Interest
2004;128:158-9; 332-3; 492-3; 648-9; 802-3; 952-4

Evolving Technology
2004;128:117-23; 457-66; 571-87

Extracorporeal circulation
Aortic valve replacement with the minimal extracorporeal circulation (Jostra MECC System) versus standard cardiopulmonary bypass: a randomized prospective trial (Remadi et al). 2004;128:436-41

Extracorporeal membrane oxygenation
Pressure criterion for placement of distal perfusion catheter to prevent limb ischemia during adult extracorporeal life support (Huang et al). 2004;128:776-7 (Brief comm.)

Feasibility studies

Fetoscopes
Amniotic air insufflation during minimally invasive fetoscopic fetal cardiac interventions is safe for the fetal brain in sheep (Kohl et al). 2004;128:467-71

Fistula
Congenital tracheoesophageal fistulas presenting in adults: presentation of two cases and a synopsis of the literature (Zacharias et al). 2004;128:316-8 (Brief comm.)

Fontan circulation
The failing Fontan circulation: successful conversion of atrio-pulmonary connections (Sheikh et al). 2004;128:60-6

Fontan procedure
Fontan operation for hypoplastic left heart syndrome with absent aortic valve (Hibino et al). 2004;128:315-8 (Brief comm.)
Interventional atrial incision in the Fontan operation: novel prophyllaxis or iatrogenic substrate for intra-atrial reentrant tachycardia? (Raja) (Letter); (Collins) (Reply). 2004;128:325-6

FR 167653

Free radical scavengers
Myocardial apoptosis prevention by radical scavenging in patients undergoing cardiac surgery (Fischer et al). 2004;128:103-8

Fundoplication

Gastroesophageal reflex

Gender differences; see Sex

General Thoracic Surgery
2004;128:124-53; 254-9; 396-424; 502-28; 731-48; 876-906

Genes, Egr 1

Graft patency, vascular
Does off-pump total arterial grafting increase the incidence of intraoperative graft failure? (Balacumaraswami et al). 2004;128:238-44
Effects of hydrostatic distention on in vitro vasoreactivity of radial artery conduits (Chong et al). 2004;128:609-14
Locally applied cilostazol suppresses neointimal hyperplasia by inhibiting tenascin-c synthesis and smooth muscle cell proliferation in free artery grafts (Fujinaga et al). 2004;128:357-63
Studying the lumen in composite Y internal thoracic artery–saphenous vein grafts (Filho et al) (Letter); (Gaudino and Possati) (Reply). 2004;128:490-1
Transit-time flow measurement cannot detect wrong anastomosis of an internal thoracic artery with the cardiac vein in coronary artery surgery (Takami and Masumoto). 2004;128:629-31 (Brief comm.)

Growth hormone–releasing hormone; see Somatotropin-releasing hormone

Growth substances; see specific substance

Heart aneurysm
Surgery for left ventricular aneurysm: early and late survival after simple linear repair and endoventricular patch plasty (Lundblad et al). 2004;128:449-56

Heart arrest, induced
Cold blood cardioplegia versus cold crystalloid cardioplegia: a prospective randomized study of 1440 patients under-
Ischemic preconditioning or heat shock pretreatment ameliorates neuronal apoptosis following hypothermic circulatory arrest (Yeh et al). 2004;128:203-10
Myocardial metabolic changes during pediatric cardiac surgery: a randomized study of 3 cardioplegic techniques (Modi et al). 2004;128:67-75
Reduction of myocardial reperfusion injury by aprotinin after regional ischemia and cardioplegic arrest (Khan et al). 2004;128:602-8
Successful use of one dose of recombinant factor VIIa to control severe bleeding after emergency aortic arch replacement in deep hypothermic circulatory arrest (Wiesenack et al). 2004;128:941-3 (Brief comm.)
Warm blood cardioplegic arrest induces mitochondrial-mediated cardiomyocyte apoptosis associated with increased urocorin expression in viable cells (Scarabelli et al). 2004;128:364-71
Heart, artificial
Use of the AbioCor replacement heart as destination therapy for end-stage heart failure with irreversible pulmonary hypertension (Samuels et al). 2004;128:643-5 (Brief comm.)
Heart-assist devices
Biventricular assistance with the Jarvik FlowMaker: a case report (Frazier et al). 2004;128:625-6 (Brief comm.)
HeartMate XVE malfunction caused by fluid aspiration into the vent port (Simsir). 2004;128:619-21 (Brief comm.)
Platelet activation and aggregation profile in prolonged extracorporeal ventricular support (Houël et al). 2004;128:197-202
Heart atria
Atrial septal mass: transesophageal echocardiographic assessment (Rizzoli et al). 2004;128:767-9 (Brief comm.)
Interventional atrial incision in the Fontan operation: novel prophyaxis or iatrogenic substrate for intra-atrial reentrant tachycardia? (Raja) (Letter); (Collins) (Reply). 2004; 128:325-6
Metastatic left atrial synovial sarcoma mimicking a myxoma (Kumar et al). 2004;128:756-8 (Brief comm.)
Heart bypass, right; see also Fontan procedure
Left ventricular performance of pulmonary atresia with intact ventricular septum after right heart bypass surgery (Taneue et al). 2004;128:710-7
Heart defects, congenital; see also specific type
Preoperative cerebral blood flow is diminished in neonates with severe congenital heart defects (Licht et al). 2004; 128:841-9
Repair of an isolated huge congenital left ventricular diverticulum (Paz et al). 2004;128:313-4 (Brief comm.)
Heart failure, congestive
Late incidence and predictors of persistent or recurrent heart failure in patients with mitral prosthetic valves (Ruel et al). 2004;128:278-83
Nesiritide as an adjunctive therapy in adult patients with heart failure undergoing high-risk cardiac surgery (Samuels et al). 2004;128:627-9 (Brief comm.)
Targeted overexpression of leukemia inhibitory factor to preserve myocardium in a rat model of postinfarction heart failure (Berry et al). 2004;128:866-75
Use of the AbioCor replacement heart as destination therapy for end-stage heart failure with irreversible pulmonary hypertension (Samuels et al). 2004;128:643-5 (Brief comm.)
Heart neoplasms
Atrial septal mass: transesophageal echocardiographic assessment (Rizzoli et al). 2004;128:767-9 (Brief comm.)
Metastatic left atrial synovial sarcoma mimicking a myxoma (Kumar et al). 2004;128:756-8 (Brief comm.)
Sarcoidosis of the aortic root (Gasparovic et al). 2004;128:761-2 (Brief comm.)
Heart septal defects, ventricular
Left-sided lesions after anatomic repair of transposition of the great arteries, ventriculoarterial discordance: a remaining indication for the atrial switch operation (Bottio et al) (Letter); (Saunders and Grossi) (Reply). 2004;128:795-6
Late incidence and predictors of persistent or recurrent heart failure in patients with mitral prosthetic valves (Ruel et al). 2004;128:278-83
Quality of life after aortic valve replacement with tissue and mechanical implants (Sedraky'an et al). 2004;128:266-72
Heart valve disease; see specific valve
Heart valve prosthesis
Carpentier-Edwards Perimount valve and intraoperative structural failure (Bottio et al) (Letter); (Saunders and Grossi) (Reply). 2004;128:795-6
Late incidence and predictors of persistent or recurrent heart failure (Berry et al). 2004;128:866-75
Quality of life after aortic valve replacement with tissue and mechanical implants (Sedraky'an et al). 2004;128:266-72
Heart valve repair; see specific valve
Heart ventricles; see also Ventricular function
Atrioventricular discordance with ventriculoarterial concordance: a remaining indication for the atrial switch operation (Konstantinov et al). 2004;128:944-5 (Brief comm.)
Repair of an isolated huge congenital left ventricular diverticulum (Paz et al). 2004;128:313-4 (Brief comm.)
Surgical repair of a leaking double postinfarction left ventricular pseudoaneurysm (Milojevic et al). 2004;128:765-7 (Brief comm.)
Hematocrit
Hemodynamic phenomena
Flow dynamics of the St Jude Medical Symmetry aortic connector vein graft anastomosis do not contribute to the risk of acute thrombosis (Redaelli et al). 2004;128:117-23 (Evolving tech.)
Load dependence of cardiac output in biventricular pacing: right ventricular volume overload in pigs (Rabkin et al). 2004;128:98-102
Transit-time flow measurement cannot detect wrong anastomosis of an internal thoracic artery with the cardiac vein in coronary artery surgery (Takami and Masumoto). 2004;128:629-31 (Brief comm.)

Hemoptysis
A rare case of extralobar sequestration with hemoptysis (Sato et al). 2004;128:778-9 (Brief comm.)

Hemorrhage; see Blood loss, surgical; Postoperative bleeding

Heparin
Can extra protamine eliminate heparin rebound following cardiopulmonary bypass surgery? (Teoh et al). 2004;128:211-9

Hirudin therapy
Recombinant hirudin enhances cardiac output and decreases systemic vascular resistance during reperfusion after cardiopulmonary bypass in a porcine model (Jormalainen et al). 2004;128:189-96

Histiocytoma, fibrous

Hydrogen-ion concentration
Comparison of pH management during antegrade selective cerebral perfusion in canine models with old cerebral infarction (Ohkura et al). 2004;128:378-85

Hypertension, pulmonary
β-Blocker prevented repeated pulmonary hypertension episodes after bilateral lung transplantation in a patient with primary pulmonary hypertension (Okada et al). 2004;128:793-4 (Brief comm.)
Use of the AbioCor replacement heart as destination therapy for end-stage heart failure with irreversible pulmonary hypertension (Samuels et al). 2004;128:643-5 (Brief comm.)

Hypoplastic left heart syndrome
Fontan operation for hypoplastic left heart syndrome with absent aortic valve (Hibino et al). 2004;128:315-8 (Brief comm.)
Tricuspid valve in hypoplastic left heart syndrome (Ho and Stamm) (Letter); (Ohye) (Reply). 2004;128:329-30

Hypothermia, induced
Ischemic preconditioning or heat shock pretreatment ameliorates neuronal apoptosis following hypothermic circulatory arrest (Yeh et al). 2004;128:203-10

Infant; see also Child

Infant, newborn
Preoperative cerebral blood flow is diminished in neonates with severe congenital heart defects (Licht et al). 2004;128:841-9

Innominate artery; see Brachiocephalic trunk

Insufflation
Amniotic air insufflation during minimally invasive fetoscopic fetal cardiac interventions is safe for the fetal brain in sheep (Kohl et al). 2004;128:467-71

Internship and residency

Intracranial embolism
Axillary artery cannulation for cardiopulmonary bypass reduces cerebral microemboli (Hedayati et al). 2004;128:386-90
The effect of the dynamic air bubble trap on cerebral microemboli and S100β (Motallebzadeh and Jahangiri). 2004;128:154 (Letter)

Intraoperative complications
Does off-pump total arterial grafting increase the incidence of intraoperative graft failure? (Balacumaraswami et al). 2004;128:238-44
Emergency conversion to cardiopulmonary bypass during attempted off-pump revascularization results in increased morbidity and mortality (Patel et al). 2004;128:655-61

Ischemia
The evolution of ischemic spinal cord injury in function, cytoarchitecture, and inflammation and the effects of adenosine A2A receptor activation (Rhee et al). 2004;128:925-32
Pressure criterion for placement of distal perfusion catheter to prevent limb ischemia during adult extracorporeal life support (Huang et al). 2004;128:776-7 (Brief comm.)

Ischemic preconditioning

Ischemic preconditioning, myocardial
Ischemic preconditioning or heat shock pretreatment ameliorates neuronal apoptosis following hypothermic circulatory arrest (Yeh et al). 2004;128:203-10
Letters to the Editor

Lavage fluid

The Journal of Thoracic and Cardiovascular Surgery

The return of the coronary stapler: will a new technique overcome an old obstacle? (Konstantinov) (Letter); (Suyker et al) (Reply). 2004;128:330-1

Something to expect, diagnose, and treat early (Elsayed et al) (Letter); (Maia et al) (Reply). 2004;128:488-9

Studying the lumen in composite Y internal thoracic artery–saphenous vein grafts (Filho et al) (Letter); (Gaudino and Possati) (Reply). 2004;128:490-1

Suggestion for functional model to test effects of decellularization of rat aortic valve allografts on leaflet destruction and extracellular matrix remodeling (Légaré and Ross) (Letter); (Grauss et al) (Reply). 2004;128:155-6

Thymic neuroendocrine carcinoma (carcinoid): what if octreotide scanning is negative? (Whitaker) (Letter); (Filosso) (Reply). 2004;128:801

Tricuspid valve in hypoplastic left heart syndrome (Ho and Stamm) (Letter); (Ohye) (Reply). 2004;128:329-30

Use of enoxaparin in cardiac surgery (Pocar et al). 2004;128:327-8

Value of intraoperative pleural lavage in staging non–small cell lung cancer (Goldstraw and Lim). 2004;128:331 (Letter)

Caveat emptor: the treachery of work-up bias (Blackstone and Lauer). 2004;128:341-4 (Editorial)

Gender differences in lung cancer: have we really come a long way, baby? (Olak and Colson). 2004;128:346-51 (Editorial)

Introduction to gender editorials (Rusch). 2004;128:345 (Editorial)

Thoracic surgical operations in patients enrolled in a computed tomographic screening trial (Crestanello et al). 2004;128:254-9

J

The Journal of Thoracic and Cardiovascular Surgery

Guest reviewers. 2004;128:958-60

Lasers

Improved myocardial function after transmyocardial laser revascularization according to cine magnetic resonance in a porcine model (Mühlung et al). 2004;128:391-5

Lavage fluid

Value of intraoperative pleural lavage in staging non–small cell lung cancer (Goldstraw and Lim). 2004;128:331 (Letter)

Letters to the Editor

Carpentier-Edwards Perimount valve and intraoperative structural failure (Botto et al) (Letter); (Saunders and Grossi) (Reply). 2004;128:795-6

The difference is meaningful: anatomic coronary-coronary bypass or physiologic coronary-coronary bypass? (Aazami) (Letter); (Neži) (Reply). 2004;128:799-801

The effect of the dynamic air bubble trap on cerebral microemboli and S100 (Motallebzadeh and Jahangiri). 2004;128:154

Improved pain control after cardiac surgery (Rescigno and Carmelos) (Letter); (Dowling) (Reply). 2004;128:154-5

Inhaled prostacyclin is safe, effective, and affordable in patients with pulmonary hypertension, right-heart dysfunction, and refractory hypoxemia after cardiothoracic surgery (Muzaffar et al). 2004;128:949-50

Interventional atrial incision in the Fontan operation: novel prophyaxis or iatrogenic substrate for intra-atrial reentrant tachycardia? (Raja) (Letter); (Collins) (Reply). 2004;128:325-6

Moderate mitral regurgitation repair at the time of coronary bypass: when is it required? (Fundarò et al) (Letter); (Mallidi and Pelletier) (Reply). 2004;128:796-7

Pleural effusion and off-pump Fontan procedure (Korkut et al). 2004;128:799

Poly–adenosine diphosphate–ribose polymerase inhibition for myocardial protection: pathophysiologic and physiologic considerations (Bloch and Mehlhorn) (Letter); (Szabó and Szabó) (Reply). 2004;128:323-5

Reconstruction of double-outlet right ventricular outflow tract comprising a pulmonary artery flap in a child with an anomalous coronary artery (Asano et al). 2004;128:328-9

Repair of the Ebstein anomaly (Chauvaud) (Letter); (Chen) (Reply). 2004;128:798-9

L

Leukemia inhibitory factor

Targeted overexpression of leukemia inhibitory factor to preserve myocardium in a rat model of postinfarction heart failure (Berry et al). 2004;128:866-75

Living-donors

Improved survival after living-donor lobar lung transplantation (Date et al). 2004;128:933-40

Lung diseases, fungal

Surgical management of bilateral multiple invasive pulmonary aspergillosis (Dunst and Mueller). 2004;128:621-2 (Brief comm.)

Lung neoplasms; see also Carcinoma, non-small-cell lung

Caveat emptor: the treachery of work-up bias (Blackstone and Lauer). 2004;128:341-4 (Editorial)

Fluorine 18–tagged fluorodeoxyglucose positron emission tomographic scanning to predict lymph node metastasis, invasiveness, or both, in clinical T1 N0 M0 lung adenocarcinoma (Nomori et al). 2004;128:396-401

Gender differences in lung cancer: have we really come a long way, baby? (Olak and Colson). 2004;128:346-51 (Editorial)

Introduction to gender editorials (Rusch). 2004;128:345 (Editorial)

Thoracic surgical operations in patients enrolled in a computed tomographic screening trial (Crestanello et al). 2004;128:254-9

Vascular endothelial growth factor expression in metastatic pulmonary tumor from colorectal carcinoma: utility as a prognostic factor (Tamura et al.). 2004;128:517-22

Lung transplantation
- β-Blocker prevented repeated pulmonary hypertension episodes after bilateral lung transplantation in a patient with primary pulmonary hypertension (Okada et al.). 2004;128:793-4 (Brief comm.)
- Improved survival after living-donor lobar lung transplantation (Date et al.). 2004;128:933-40
- Introduction to gender editorials (Rusch). 2004;128:345 (Editorial)

Lymph nodes; see also Neoplasm metastasis

Magnetic resonance imaging
- Functional mitral regurgitation in chronic ischemic coronary artery disease: analysis of geometric alterations of mitral apparatus with magnetic resonance imaging (Yu et al.). 2004;128:543-51
- Something to expect, diagnose, and treat early (Elsayed et al.) (Letter); (Maia et al) (Reply). 2004;128:488-9
- Ventricular function after coronary artery bypass grafting: evaluation by magnetic resonance imaging and myocardial strain analysis (Maniar et al.). 2004;128:76-82

Magnetic resonance imaging, cine
- Improved myocardial function after transmyocardial laser revascularization according to cine magnetic resonance in a porcine model (Mühling et al.). 2004;128:391-5

Mass screening
- Thoracic surgical operations in patients enrolled in a computed tomographic screening trial (Crestanello et al.). 2004;128:254-9

Mediastinal neoplasms
- Giant superior mediastinal angioleiomyoma (Vrtik et al.). 2004;128:786-8 (Brief comm.)
- Malignant peripheral nerve sheath tumor of the mediastinum: a temporary aortic transection approach (Asai et al.). 2004;128:615-7 (Brief comm.)

Mediastinitis
- Primary closure for postoperative mediastinitis in children (Ohye et al.). 2004;128:480-6

Mediastinum
- Tracheal obstruction from mediastinal arteriovenous malformation (Grillo and Athanasoulis). 2004;128:780-2 (Brief comm.)

Meta-analysis
- Postoperative chemotherapy for non–small cell lung cancer: a systematic review and meta-analysis (Sedrakyan et al.). 2004;128:414-9

Mitogen-activated protein kinases
- Specific inhibition of p38 mitogen-activated protein kinase with FR167653 attenuates vascular proliferation in monocrotaline-induced pulmonary hypertension in rats (Lu et al.). 2004;128:850-9

Mitrval valve
- Late incidence and predictors of persistent or recurrent heart failure in patients with mitral prosthetic valves (Ruel et al.). 2004;128:278-83
- A technique for repair of mitral paravalvular leak (Mangi and Torchiana). 2004;128:771-2 (Brief comm.)

Mitrval valve insufficiency
- Functional mitral regurgitation in chronic ischemic coronary artery disease: analysis of geometric alterations of mitral apparatus with magnetic resonance imaging (Yu et al.). 2004;128:543-51
- Moderate mitral regurgitation repair at the time of coronary bypass: when is it required? (Fundarò et al) (Letter); (Malli and Pelletier) (Reply). 2004;128:796-7
- Recurrent mitral regurgitation after annuloplasty for functional ischemic mitral regurgitation (McGee et al.). 2004;128:916-24

Morbidity/mortality
- Emergency conversion to cardiopulmonary bypass during attempted off-pump revascularization results in increased morbidity and mortality (Patel et al.). 2004;128:655-61
- Prevention, early detection, and management of complications after 328 consecutive extrapleural pneumonectomies (Sugarbaker et al.). 2004;128:138-46
- Single-stage repair of extensive thoracic aortic aneurysms: experience with the arch-first technique and bilateral anterior thoracotomy (Kouchoukos et al.). 2004;128:669-76
- Size reduction ascending aortoplasty: is it dead or alive? (Robicsek et al.). 2004;128:562-70

Myocardial diseases
- Early and late results of left ventricular reconstruction in thin-walled chambers: is this our patient population? (Buckberg). 2004;128:21-6 (Editorial)
- Left ventricular reconstruction: early and late results (Mickleborough et al.). 2004;128:27-37
- Myocardial apoptosis prevention by radical scavenging in patients undergoing cardiac surgery (Fischer et al.). 2004;128:103-8

Myocardial infarction
- Targeted overexpression of leukemia inhibitory factor to preserve mycardium in a rat model of postinfarction heart failure (Berry et al.). 2004;128:866-75

Myocardial ischemia
- Functional mitral regurgitation in chronic ischemic coronary artery disease: analysis of geometric alterations of mitral apparatus with magnetic resonance imaging (Yu et al.). 2004;128:543-51
- Injectable bioartificial myocardial tissue for large-scale intramural cell transfer and functional recovery of injured heart muscle (Kofidis et al.). 2004;128:571-8 (Evolving tech.)
Neurohormonal response to left ventricular reconstruction surgery in ischemic cardiomyopathy (Schenk et al). 2004;128:38-43
Which is the best surgical strategy for “complete” treatment of ischemic cardiomyopathy? (Fundarò et al) (Letter); (Kron) (Reply). 2004;128:156-7

Myocardial reperfusion injury
Myocardial metabolic changes during pediatric cardiac surgery: a randomized study of 3 cardioplegic techniques (Modi et al). 2004;128:67-75
Nitric oxide attenuates cardiomyocytic apoptosis via diminished mitochondrial complex I up-regulation from cardiac ischemia-reperfusion injury under cardiopulmonary bypass (Yeh et al). 2004;128:180-8
Reduction of myocardial reperfusion injury by aprotinin after regional ischemia and cardiopulmonary arrest (Khan et al). 2004;128:602-8
Toll-like receptor 4 mediates ischemia/reperfusion injury of the heart (Chong et al). 2004;128:170-9

Myocardial revascularization; see also Coronary artery bypass
The difference is meaningful: anatomic coronary-coronary bypass or physiologic coronary-coronary bypass? (Aazami) (Letter); (Nežić) (Reply). 2004;128:799-801
Guidelines for coronary revascularization revisited? A note of caution (Pocar et al) (Letter); (Nežić) (Reply). 2004;128:797-8
Improved myocardial function after transmyocardial laser revascularization according to cine magnetic resonance in a porcine model (Mühleng et al). 2004;128:391-5
Initial experience with an endoscopic radial artery harvesting technique (Casselman et al). 2004;128:463-6 (Evolving tech.)
Initial experience with the Heartstring proximal anastomotic technique (Casselman et al). 2004;128:423-6 (Evolving tech.)

Myocardium
Angiogenic growth factors and/or cellular therapy for myocardial regeneration: a comparative study (Chachques et al). 2004;128:245-53
Ventricular function after coronary artery bypass grafting: evaluation by magnetic resonance imaging and myocardial strain analysis (Maniar et al). 2004;128:76-82

Myxoma
Metastatic left atrial synovial sarcoma mimicking a myxoma (Kumar et al). 2004;128:756-8 (Brief comm.)

Natriuretic peptide
Nesiritide as an adjunctive therapy in adult patients with heart failure undergoing high-risk cardiac surgery (Samuels et al). 2004;128:627-9 (Brief comm.)

Neoplasm metastasis
Caveat emptor: the treachery of work-up bias (Blackstone and Lauer). 2004;128:341-4 (Editorial)
Fluorine 18–tagged fluorodeoxyglucose positron emission tomographic scanning to predict lymph node metastasis, invasiveness, or both, in clinical T1 N0 M0 lung adenocarcinoma (Nomori et al). 2004;128:396-401
Metastatic left atrial synovial sarcoma mimicking a myxoma (Kumar et al). 2004;128:756-8 (Brief comm.)

Neoplasm staging
Value of intraoperative pleural lavage in staging non–small cell lung cancer (Goldstraw and Lim). 2004;128:331 (Letter)

Neurotransmitters
Neurohormonal response to left ventricular reconstruction surgery in ischemic cardiomyopathy (Schenk et al). 2004;128:38-43

Nitric oxide
Nitric oxide attenuates cardiomyocytic apoptosis via diminished mitochondrial complex I up-regulation from cardiac ischemia-reperfusion injury under cardiopulmonary bypass (Yeh et al). 2004;128:180-8

O

Obituary

Octreotide
Thymic neuroendocrine carcinoma (carcinoid): what if octreotide scanning is negative? (Whitaker) (Letter); (Filosso) (Reply). 2004;128:801

Outcome and process assessment (health care); see also Quality control
Early and late results of left ventricular reconstruction in thin-walled chambers: is this our patient population? (Buckberg). 2004;128:21-6 (Editorial)
Intraoperative and intermediate-term angiographic results of coronary artery bypass surgery with Symmetry prox-
imal anastomotic device (Bergsland et al). 2004;128:718-23
Left ventricular reconstruction: early and late results (Mickleborough et al). 2004;128:27-37
Left ventricular reconstruction: the aim and the reality after twenty years (Dor). 2004;128:17-20 (Editorial)
Long-segment tracheal stenosis: slide tracheoplasty and a multidisciplinary approach improve outcomes and reduce costs (Kocyildirim et al). 2004;128:876-82
Medical and surgical outcome of tricuspid regurgitation caused by flail leaflets (Messika-Zeitoun et al). 2004;128:296-302
Residual dissection of the brachiocephalic arteries: significance, management, and long-term outcome (Neri et al). 2004;128:303-12
Supraventricular tachyarrhythmia in Ebstein anomaly: management and outcome (Khositseth et al). 2004;128:826-33
Twisting of pedicled left internal thoracic artery graft three hundred sixty degrees clockwise: does it change the outcome? (Sarma et al). 2004;128:617-8 (Brief comm.)
Worse early outcomes in women after coronary artery bypass grafting: is it simply a matter of size? (Habib et al) (Letter); (Guru et al) (Reply). 2004;128:487-8

P

Pain, postoperative
Improved pain control after cardiac surgery (Rescigno and Carmelos) (Letter); (Dowling) (Reply). 2004;128:154-5

Pediatric patients; see Child; Infant

Perfusion
Comparison of pH management during antegrade selective cerebral perfusion in canine models with old cerebral infarction (Ohkura et al). 2004;128:378-85
Pressure criterion for placement of distal perfusion catheter to prevent limb ischemia during adult extracorporeal life support (Huang et al). 2004;128:776-7 (Brief comm.)
Total aortic arch replacement with a branched graft and limited circulatory arrest of the brain (Kouchoukos and Masetti). 2004;128:233-7

pH; see Hydrogen-ion concentration

Platelet activation
Platelet activation and aggregation profile in prolonged external venricular support (Houël et al). 2004;128:197-202

Pleural effusion

Pneumonectomy
Prevention, early detection, and management of complications after 328 consecutive extrapleural pneumonectomies (Sugarbaker et al). 2004;128:138-46
Successful bilateral lung volume reduction in a child with emphysema from bronchiolitis obliterans (Mancuso et al). 2004;128:645-7 (Brief comm.)

Pneumothorax
Catamenial pneumothorax revisited: clinical approach and systematic review of the literature (Korom et al). 2004;128:502-8

Poly(ADP-ribose) polymerases
Poly–adenosine diphosphate–ribose polymerase inhibition for myocardial protection: pathophysiologic and physiologic considerations (Bloch and Mehlhorn) (Letter); (Szabó and Szabó) (Reply). 2004;128:323-5

Polymorphism (genetics)
Genetic polymorphisms of apolipoprotein E4 and tumor necrosis factor β as predisposing factors for increased inflammatory cytokines after cardiopulmonary bypass (Grünenfelder et al). 2004;128:92-7

Postoperative bleeding
Effects of tranexamic acid on postoperative bleeding and related hematochemical variables in coronary surgery: comparison between on-pump and off-pump techniques (Casati et al). 2004;128:83-91
Successful use of one dose of recombinant factor VIIa to control severe bleeding after emergency aortic arch replacement in deep hypothermic circulatory arrest (Wiesentack et al). 2004;128:941-3 (Brief comm.)

Postoperative complications
The failing Fontan circulation: successful conversion of atrio-pulmonary connections (Sheikh et al). 2004;128:60-6
HeartMate XVE malfunction caused by fluid aspiration into the vent port (Simsr). 2004;128:619-21 (Brief comm.)
Prevention, early detection, and management of complications after 328 consecutive extrapleural pneumonectomies (Sugarbaker et al). 2004;128:138-46
Primary closure for postoperative mediastinitis in children (Ohye et al). 2004;128:480-6
Valve-sparing root replacement for pulmonary autograft dissection late after the Ross operation (Luciani et al). 2004;128:753-6 (Brief comm.)

Trachea-guided generation: déjà vu all over again (Macchiarini). 2004;128:14-6 (Editorial)

Protamines
Can extra protamine eliminate heparin rebound following cardiopulmonary bypass surgery? (Teoh et al). 2004;128:211-9

Protease inhibitors
Proteasome inhibition sensitizes non–small cell lung cancer to histone deacetylase inhibitor–induced apoptosis through the generation of reactive oxygen species (Denlinger et al). 2004;128:740-8

Pulmonary artery

Endovascular coil embolization for acute management of traumatic pulmonary artery pseudoaneurysm (Block et al). 2004;128:784-5 (Brief comm.)

Failure of medical therapy for pulmonary “thromboembolic” disease: beware the unsuspected primary sarcoma of the pulmonary artery (Choong et al). 2004;128:763-5 (Brief comm.)

Two-conduit repair for anomalous origin of the left coronary artery from the pulmonary artery in an adult (Kattach et al). 2004;128:641-2 (Brief comm.)

Pulmonary atresia
Left ventricular performance of pulmonary atresia with intact ventricular septum after right heart bypass surgery (Tanoue et al). 2004;128:710-7

Pulmonary supravalvular stenosis
The Conegra conduit in the right ventricular outflow tract induces supravalvular stenosis (Meyns et al). 2004;128:834-40

Pulmonary surgical procedures; see also specific procedure
Bronchotomy in the treatment of a low-grade bronchial mucoepidermoid carcinoma in a child (Vaos et al). 2004;128:782-3 (Brief comm.)

Resectional surgery combined with chemotherapy remains the treatment of choice for multidrug-resistant tuberculosis (Shiraishi et al). 2004;128:523-8

Sleeve segmentectomy for non–small cell lung carcinoma (Okada et al). 2004;128:420-4

Surgical management of bilateral multiple invasive pulmonary aspergillosis (Dunst and Mueller). 2004;128:621-2 (Brief comm.)

Pulmonary valve

Valve-sparing root replacement for pulmonary autograft dissection late after the Ross operation (Luciani et al). 2004;128:753-6 (Brief comm.)

Quality control

Monitoring surgical performance (Blackstone). 2004;128:807-10 (Statistics)

Quality of life

Quality of life after aortic valve replacement with tissue and mechanical implants (Sedrakyan et al). 2004;128:266-72

Radial artery
Effects of hydrostatic distention on in vitro vasoreactivity of radial artery conduits (Chong et al). 2004;128:609-14

Initial experience with an endoscopic radial artery harvesting technique (Casselman et al). 2004;128:463-6 (Evolving tech.)

Radionuclide imaging
Thymic neuroendocrine carcinoma (carcinoid): what if octreotide scanning is negative? (Whitaker) (Letter); (Filosso) (Reply). 2004;128:801

Randomized controlled trials
Aortic valve replacement with the minimal extracorporeal circulation (Jostra MECC System) versus standard cardiopulmonary bypass: a randomized prospective trial (Remadi et al). 2004;128:436-41

Myocardial metabolic changes during pediatric cardiac surgery: a randomized study of 3 cardiopulmonary techniques (Modi et al). 2004;128:67-75

Receptors, immunologic
Toll-like receptor 4 mediates ischemia/reperfusion injury of the heart (Chong et al). 2004;128:170-9

Recombinant factor VIIa
Successful use of one dose of recombinant factor VIIa to control severe bleeding after emergency aortic arch replacement in deep hypothermic circulatory arrest (Wiesenack et al). 2004;128:941-3 (Brief comm.)

Recurrence
Recurrent mitral regurgitation after annuloplasty for functional ischemic mitral regurgitation (McGee et al). 2004;128:916-24

Reoperation
Reperfusion

- Recombinant hirudin enhances cardiac output and decreases systemic vascular resistance during reperfusion after cardiopulmonary bypass in a porcine model (Jormalainen et al). 2004;128:189-96

Reperfusion injury; see Myocardial reperfusion injury

Review, academic

- Catamenial pneumothorax revisited: clinical approach and systematic review of the literature (Korom et al). 2004;128:502-8

Review, multicase

- Congenital tracheoesophageal fistulas presenting in adults: presentation of two cases and a synopsis of the literature (Zacharias et al). 2004;128:316-8 (Brief comm.)

Risk assessment

- Should the ascending aorta be replaced more frequently in patients with bicuspid aortic valve disease? (Borger et al). 2004;128:677-83

Risk factors

- Late incidence and predictors of persistent or recurrent heart failure in patients with mitral prosthetic valves (Ruel et al). 2004;128:278-83

Ross operation

- Valve-sparing root replacement for pulmonary autograft dissection late after the Ross operation (Luciani et al). 2004;128:753-6 (Brief comm.)

S

S100 proteins

- The effect of the dynamic air bubble trap on cerebral microemboli and S100β (Motallebzadeh and Jahangiri). 2004;128:154 (Letter)

Saphenous vein

- Studying the lumen in composite Y internal thoracic artery–saphenous vein grafts (Filho et al) (Letter); (Gaudino and Possati) (Reply). 2004;128:490-1

Sarcoidosis

- Sarcoidosis of the aortic root (Gasparovic et al). 2004;128:761-2 (Brief comm.)

Sequestration; see Bronchopulmonary sequestration

Sex

- Gender differences in lung cancer: have we really come a long way, baby? (Olak and Colson). 2004;128:346-51 (Editorial)
- Gender differences in pediatric cardiac surgery: the cardiologist’s perspective (Miller-Hance and Tacy). 2004;128:7-10 (Editorial)
- Gender differences in pediatric cardiac surgery: the surgeon’s perspective (Azakie and Russell). 2004;128:4-6 (Editorial)
- Introduction to gender editorials (Rusch). 2004;128:345 (Editorial)
- Worse early outcomes in women after coronary artery bypass grafting: is it simply a matter of size? (Habib et al) (Letter); (Guru et al) (Reply). 2004;128:487-8

Somatotropin-releasing hormone

Spinal cord ischemia

- The evolution of ischemic spinal cord injury in function, cytoarchitecture, and inflammation and the effects of adenosine A2A receptor activation (Reece et al). 2004;128:925-32

Statistics for the Rest of Us

Stents

- Distal aortic arch aneurysm after endovascular stent graft repair for type B chronic aortic dissection (Russo et al). 2004;128:634-6 (Brief comm.)
- Surgical management of progression to type A dissection from an intramural hematoma previously treated with endovascular stent graft placement (Savini et al). 2004;128:773-5 (Brief comm.)

Sternum

Surgery, computer-assisted

Surgery for Acquired Cardiovascular Disease

2004;128:27-43; 260-312; 425-56; 529-70; 655-83; 907-32
Surgery for Congenital Heart Disease
2004;128:44-75; 467-86; 684-717; 826-49

Surgical equipment
Flow dynamics of the St Jude Medical Symmetry aortic connector vein graft anastomosis do not contribute to the risk of acute thrombosis (Redaelli et al). 2004;128:117-23 (Evolving tech.)
Initial experience with the Heartstring proximal anastomotic system (Medalion et al). 2004;128:273-7

Surgical flaps
Reconstruction of double-outlet right ventricular outflow tract comprising a pulmonary artery flap in a child with an anomalous coronary artery (Asano et al). 2004;128:328-9 (Letter)

Surgical instruments
The return of the coronary stapler: will a new technique overcome an old obstacle? (Konstantinov) (Letter); (Suyker et al) (Reply). 2004;128:330-1

Survival rate
Improved survival after living-donor lobar lung transplantation (Date et al). 2004;128:933-40
Surgery for left ventricular aneurysm: early and late survival after simple linear repair and endoventricular patch plasty (Lundblad et al). 2004;128:449-56

Tachycardia
Interventional atrial incision in the Fontan operation: novel prophylaxis or iatrogenic substrate for intra-atrial reentrant tachycardia? (Raja) (Letter); (Collins) (Reply). 2004;128:325-6

Tachycardia, supraventricular
Supraventricular tachyarrhythmia in Ebstein anomaly: management and outcome (Khosisteh et al). 2004;128:826-33

Thoracic arteries
Studying the lumen in composite Y internal thoracic artery–saphenous vein grafts (Filho et al) (Letter); (Gaudino and Possati) (Reply). 2004;128:490-1
Transit-time flow measurement cannot detect wrong anastomosis of an internal thoracic artery with the cardiac vein in coronary artery surgery (Takami and Masumoto). 2004;128:629-31 (Brief comm.)

Twisting of pedicled left internal thoracic artery graft three hundred sixty degrees clockwise: does it change the outcome? (Sarma et al). 2004;128:617-8 (Brief comm.)

Thoracic surgery
Gender differences in pediatric cardiac surgery: the cardiologist’s perspective (Miller-Hance and Tacy). 2004;128:7-10 (Editorial)
Gender differences in pediatric cardiac surgery: the surgeon’s perspective (Azakie and Russell). 2004;128:4-6 (Editorial)
Improved pain control after cardiac surgery (Rescigno and Carmelos) (Letter); (Dowling) (Reply). 2004;128:154-5
Monitoring surgical performance (Blackstone). 2004;128:807-10 (Statistics)

Thoracic surgical procedures; see also specific procedure
Malignant peripheral nerve sheath tumor of the mediastinum: a temporary aortic transection approach (Asai et al). 2004;128:615-7 (Brief comm.)

Thromboembolism
Failure of medical therapy for pulmonary “thromboembolic” disease: beware the unsuspected primary sarcoma of the pulmonary artery (Choong et al). 2004;128:763-5 (Brief comm.)

Thrombosis
Flow dynamics of the St Jude Medical Symmetry aortic connector vein graft anastomosis do not contribute to the risk of acute thrombosis (Redaelli et al). 2004;128:117-23 (Evolving tech.)

Thymus neoplasms
Thymic neuroendocrine carcinoma (carcinoid): what if octreotide scanning is negative? (Whitaker) (Letter); (Filosso) (Reply). 2004;128:801

Tissue adhesives
Fatal right ventricular infarction caused by Bioglue coronary embolism (Mahmood et al). 2004;128:770-1 (Brief comm.)

Tissue engineering
Development of an artificial vessel lined with human vascular cells (Gulbins et al). 2004;128:372-7
Experimental generation of a tissue-engineered functional and vascularized trachea (Walles et al). 2004;128:900-6
First human transplantation of a bioengineered airway tissue (Macchiarini et al). 2004;128:638-41 (Brief comm.)
Injectable bioartificial myocardial tissue for large-scale intramural cell transfer and functional recovery of injured heart muscle (Kofidis et al). 2004;128:571-8 (Evolving tech.)
Replacement of a tracheal defect with a tissue-engineered prosthesis: early results from animal experiments (Kim et al). 2004;128:124-9
Suggestion for functional model to test effects of decellularization of rat aortic valve allografts on leaflet destruction and extracellular matrix remodeling (Légaré and Ross) (Letter); (Grauss et al) (Reply). 2004;128:155-6
Tissue-engineered trachea from sheep marrow stromal cells with transforming growth factor β2 released from biodegradable microspheres in a nude rat recipient (Kojima et al). 2004;128:147-53
Trachea-guided generation: déjà vu all over again (Macchiarini). 2004;128:14-6 (Editorial)

Tissue harvesting
Initial experience with an endoscopic radial artery harvesting technique (Casselman et al). 2004;128:463-6 (Evolving tech.)

Tissue therapy
Angiogenic growth factors and/or cellular therapy for myocardial regeneration: a comparative study (Chachques et al). 2004;128:245-53
Quality of life after aortic valve replacement with tissue and mechanical implants (Sedrakyan et al). 2004;128:266-72

Tomography, emission-computed
Caveat emptor: the treachery of work-up bias (Blackstone and Lauer). 2004;128:341-4 (Editorial)
Fluorine 18 –tagged fluorodeoxyglucose positron emission tomographic scanning to predict lymph node metastasis, invasiveness, or both, in clinical T1 N0 M0 lung adenocarcinoma (Nomori et al). 2004;128:396-401

Tomography, spiral computed
Thoracic surgical operations in patients enrolled in a computed tomographic screening trial (Crestanello et al). 2004;128:254-9

Trachea
Experimental generation of a tissue-engineered functional and vascularized trachea (Walles et al). 2004;128:900-6
First human transplantation of a bioengineered airway tissue (Macchiarini et al). 2004;128:638-41 (Brief comm.)
Replacement of a tracheal defect with a tissue-engineered prosthesis: early results from animal experiments (Kim et al). 2004;128:124-9
Tissue-engineered trachea from sheep marrow stromal cells with transforming growth factor β2 released from biodegradable microspheres in a nude rat recipient (Kojima et al). 2004;128:147-53
Trachea-guided generation: déjà vu all over again (Macchiarini). 2004;128:14-6 (Editorial)
Tracheal obstruction from mediastinal arteriovenous malformation (Grillo and Athanasoulis). 2004;128:780-2 (Brief comm.)

Tracheal stenosis
Long-segment tracheal stenosis: slide tracheoplasty and a multidisciplinary approach improve outcomes and reduce costs (Kocyildirim et al). 2004;128:876-82

Tracheoesophageal fistula
Congenital tracheoesophageal fistulas presenting in adults: presentation of two cases and a synopsis of the literature (Zacharias et al). 2004;128:316-8 (Brief comm.)

Tranexamic acid
Effects of tranexamic acid on postoperative bleeding and related hematochemical variables in coronary surgery: comparison between on-pump and off-pump techniques (Casati et al). 2004;128:83-91

Transforming growth factor
Tissue-engineered trachea from sheep marrow stromal cells with transforming growth factor β2 released from biodegradable microspheres in a nude rat recipient (Kojima et al). 2004;128:147-53

Transplantation; see also specific organ or tissue
First human transplantation of a bioengineered airway tissue (Macchiarini et al). 2004;128:638-41 (Brief comm.)
Long-segment tracheal stenosis: slide tracheoplasty and a multidisciplinary approach improve outcomes and reduce costs (Kocyildirim et al). 2004;128:876-82

Transplantation, autologous

Transplantation, heterologous
The Contegra conduit in the right ventricular outflow tract induces supravalvular stenosis (Meyns et al). 2004;128:834-40

Transplantation, homologous
Suggestion for functional model to test effects of decellularization of rat aortic valve allografts on leaflet destruction and extracellular matrix remodeling (Légaré and Ross) (Letter); (Grauss et al) (Reply). 2004;128:155-6

Transposition of great vessels

Treatment failure
Failure of medical therapy for pulmonary “thromboembolic” disease: beware the unsuspected primary sarcoma of the pulmonary artery (Choong et al). 2004;128:763-5 (Brief comm.)

Tricuspid valve
Tricuspid valve in hypoplastic left heart syndrome (Ho and Stamm) (Letter); (Ohye) (Reply). 2004;128:329-30
Tricuspid valve insufficiency  
Medical and surgical outcome of tricuspid regurgitation caused by flail leaflets (Messika-Zeitoun et al). 2004;128:296-302

Tuberculosis, multidrug-resistant  
Resectional surgery combined with chemotherapy remains the treatment of choice for multidrug-resistant tuberculosis (Shiraishi et al). 2004;128:523-8

Tumor necrosis factor  
Genetic polymorphisms of apolipoprotein E4 and tumor necrosis factor \( \beta \) as predisposing factors for increased inflammatory cytokines after cardiopulmonary bypass (Grünenfelder et al). 2004;128:92-7

Vascular endothelial growth factors  
Angiogenic growth factors and/or cellular therapy for myocardial regeneration: a comparative study (Chachques et al). 2004;128:245-53

Vascular neoplasms  
Failure of medical therapy for pulmonary “thromboembolic” disease: beware the unsuspected primary sarcoma of the pulmonary artery (Choong et al). 2004;128:763-5 (Brief comm.)

Vascular resistance  
Recombinant hirudin enhances cardiac output and decreases systemic vascular resistance during reperfusion after cardiopulmonary bypass in a porcine model (Jormalainen et al). 2004;128:189-96

Vascular surgical procedures; see also specific procedure  
Innominate artery transection in the setting of a bovine arch (Moise et al). 2004;128:632-4 (Brief comm.)
Residual dissection of the brachiocephalic arteries: significance, management, and long-term outcome (Neri et al). 2004;128:303-12
Size reduction ascending aortoplasty: is it dead or alive? (Robicsek et al). 2004;128:562-70
Total aortic arch replacement with a branched graft and limited circulatory arrest of the brain (Kouchoukos and Masetti). 2004;128:233-7

Ventricular dysfunction, right  
Fatal right ventricular infarction caused by Bioglue coronary embolism (Mahmood et al). 2004;128:770-1 (Brief comm.)
Load dependence of cardiac output in biventricular pacing: right ventricular volume overload in pigs (Rabkin et al). 2004;128:98-102

Ventricular function; see also Heart-assist devices  
Left ventricular performance of pulmonary atresia with intact ventricular septum after right heart bypass surgery (Tanoue et al). 2004;128:710-7
Ventricular function after coronary artery bypass grafting: evaluation by magnetic resonance imaging and myocardial strain analysis (Maniar et al). 2004;128:76-82

Ventricular outflow obstruction  
The Contegra conduit in the right ventricular outflow tract induces supravalvular stenosis (Meysn et al). 2004;128:834-40

Ventricular reconstruction surgery  
Early and late results of left ventricular reconstruction in thin-walled chambers: is this our patient population? (Buckberg). 2004;128:21-6 (Editorial)
Left ventricular reconstruction: early and late results (Mickleborough et al). 2004;128:27-37
Left ventricular reconstruction: the aim and the reality after twenty years (Dor). 2004;128:17-20 (Editorial)
Neurohormonal response to left ventricular reconstruction surgery in ischemic cardiomyopathy (Schenk et al). 2004;128:38-43
Reconstruction of double-outlet right ventricular outflow tract comprising a pulmonary artery flap in a child with an anomalous coronary artery (Asano et al). 2004;128:328-9 (Letter)

Western Thoracic Surgical Association  
Annual meeting announcements. 2004;128:161; 335; 496-7; 653; 805; 956

Williams syndrome  
Dysphagia: an unusual presentation of giant aneurysm of the right coronary artery and supravalvular aortic stenosis in Williams syndrome (Mignosa et al). 2004;128:946-8 (Brief comm.)

Women’s health; see Sex

Wound healing
