

ANNOUNCEMENT FROM THE EDITOR

***MACROECONOMIC DYNAMICS* ONLINE SUBMISSION**

WILLIAM A. BARNETT

Editor

Macroeconomic Dynamics is pleased to announce that effective September 1, 2004, contributors to the journal are able to submit manuscripts electronically, using the journal's new *MD* Electronic Submission web site, created and maintained by Stephen Spear at Carnegie Mellon University. Electronic submissions will be handled entirely electronically. Using the related *MD* Author Information System, authors will be able to view online all current information about the status of their manuscripts during the review process, including all reports from referees and Associate Editors.

Electronic submissions must be made in PDF format. As a security matter, the journal does not accept MS Word, Latex, or other word processor formats, since these formats are too easy to alter. All submissions must be made via the journal's web-based online submission system. We cannot accept submissions via attachments to email. Other than these restrictions for electronic submission, submitted manuscripts should conform to the same style guidelines previously required of manuscripts submitted on paper. These requirements can be found on the *MD* web site:
